## GENERAL

*Proceedings of the Government of Mysore,*

READ—

Letter No. 244, dated 23rd January 1899, from the Superintendent of Stationery, submitting proposals for the revision of the establishment of the Government Stationery Depot.

No. 10138-39—MIS. F. 85-92, DATED BANGALORE, 1ST MARCH 1899.

ORDER THEREON.—On a consideration of the Superintendent's proposals received with the above, Government are pleased to prescribe the following scale of establishment for the Government Stationery Depôt, with effect from the 1st of March 1899:—

| Establishment. | | Rs. | |
|---|---|---|---|
| Supervisor | . . ... | 60 | |
| Store-keeper | ... ... | 35 | |
| Accountant | . ... | 30 | |
| Clerk | ... ... | 25 | |
| Clerk | ... ... | 20 | |
| Clerk | ... .. | 15 | |
| Mutchi | .. ... | 15 | (Present incumbent to draw Rs. 20.) |
| 2 Packers at Rs. 9 and Rs. 8 each | .. | 17 | |
| 3 Peons at Rs. 8, 7 and Rs. 6 „ | ... | 21 | |
| Farash | ... ... | 5 | |
| Total | .. | 243—248 | |

2. The pay of the mutchi is fixed at Rs. 15, but the present incumbent, whose pay is Rs. 20, may continue to draw that amount during the remaining period of his service.

3. The temporary clerk on Rs. 15 should be absorbed in the revised scale.

4. The Superintendent is requested to obtain securities of Rs. 1,000 and Rs. 500, respectively, from the Supervisor and the Store-keeper, and report the fact to this office.

C. SREENIVASIENGAR,
*Secy. to Govt., Gen. & Rev. Depts.*

To—The Superintendent of Stationery.
The Comptroller to the Government of Mysore.

READ—

Correspondence ending with docket No. 678, dated 28th January 1899, from the Superintendent, Government Printing in Mysore, *re* the system under which payment is made at the Government Press for work done beyond the prescribed hours of attendance.

No. 10265-6—Mis. 2245, DATED BANGALORE, 4th MARCH 1899.

ORDER THEREON.—It is observed that while under the marginally quoted Rules 5 and 8 of the Government of India Central Printing Office Hand Book (the former of which rules was applied to the Mysore Government Press by Proceedings No. 14393-4—G.F. 38-92, dated 11th March 95) the hours of daily attendance are from 10 A. M. to 5 P. M., the Superintendent in his docket cited above, states that the working hours are from 11 A. M. to 5 P. M. Attendance should, in future, be enforced from 10 A. M. to 5 P. M., at the Central and Branch Presses in Mysore, and overtime payment allowed only for work done beyond those hours by the officials of the class specified in para 2 of the Superintendent's Memo, dated 30th March 1894, subject to the provisions of Rule 5.

*Rule (5)*—Overtime of men on salaries is paid for at the rate of their wages.

Thus, one morning extra, from 7 till 10 A. M., or one night extra, from 5 till 8 P. M., is reckoned as half a day, and is paid for accordingly; but the lowest amount paid for an extra is 1 anna and the highest is 2 rupees. A man on piece-work, the rate of whose class is less than 8 pies per hour, employed on time during the morning or night, is paid at the rate of 8 pies per hour; when employed on time during the day, he is paid at the rate per hour of his class. Salaried men are not paid for working up to 6 P. M., but if their attendance is required after that hour, their night overtime reckons from 5 o' clock.

*Rule (8)*—Day attendance commences at 10 A. M. Men coming after 10-5 A. M. are fined half an hour's pay and those coming after 10-30 are fined one hour's pay. If the late attendance does not exceed four days in a month, no fine will be imposed. But if this limit is exceeded, the deduction will be made for every day's late attendance. The roll is closed at 10-45, after which there is no admittance. Men on piece-work are not allowed to commence work before 10 A.M., or to continue work after 5 P. M., without special permission. Employes leaving off work before the bell rings will be fined half an hour's pay.

| | Rs. | a. | p. |
|---|---|---|---|
| January 98 | 58 | 8 | 10 |
| March „ | 30 | 11 | 10 |
| April „ | 41 | 6 | 8 |
| May „ | 42 | 7 | 1 |
| September „ | 97 | 7 | 3 |
| September & October 98 | 367 | 8 | 5 |
| November „ | 56 | 14 | 4 |
| December „ Bill under consideration | 153 | 6 | 0 |
| Total ... | 848 | 6 | 5* |

2. The overtime charges of late show a great increase. This should be checked. If the usual working hours are strictly enforced and proper supervision and control exercised, it will scarcely be necessary to have extra hours of work and extra payments.

3. On a reference to the statements prepared in this office, it is found that in the Central Press, the overtime charges from January to December 1898 amounted to Rs. 848-6-5,* the largest expenditure ever incurred in any year since the introduction of the overtime system in accordance with Government Proceedings, dated 22nd June 1894, No. 22658-60—G. F. 38-92. Now that the arrears have been brought up, the Government would impress upon the Superintendent the necessity for getting all work done, as expeditiously as possible, during regular hours of work. Extras should be allowed only as a special case and on a very emergent occasion, when the Superintendent finds that it is quite unavoidable. In future, when submitting for sanction the Overtime Bill, full information should be appended to the Bill on the following points:—

1. Serial No.
2. Name and designation of salaried workman.
3. Name and description of work. Pages, lines, and estimated value of work.
4. Date and hour of receipt of work.
5. When put in hand.
6. When finished.
7. How many mornings or nights extra earned.
8. Salary of the workman.
9. Amount allowed for extra.

READ—

Docket No. 287, dated the 27th February 1899, from the Superintendent of Government Stationery, submitting a statement showing the number of candles issued to each office annually for the past five years.

**No. 10407-47—MIS. 2281, DATED BANGALORE, 7TH MARCH 1899.**

ORDER THEREON.—From the marginally noted figures taken from the statement read above it would appear that there was a steady increase in the demand for candles from year to year till 1897-98, when an attempt was made to reduce the supply which was cut down from 17405 in the preceding year to 14797 in 1897-98. A careful scrutiny of the statement however makes it clear that the supply admits of still further reduction by restricting the issue only to Heads of Departments and some of the principal subordinate officials who may at times have to work after sunset. The Annual Indents should thus be limited to the lowest possible requirements of each office, and the supply should be regulated according to some recognised principle, as striking variations are noticeable in the quantity issued to different officers of the same or analogous grade without any apparent justification. The Superintendent of Stationery is requested to study the question carefully and favor the Government with his opinion after he has ascertained the practice obtaining elsewhere.

| Year. | No. of candles issued. |
|---|---|
| 1893-94 | 12386 |
| 1894-95 | 14675 |
| 1895-96 | 14722 |
| 1896-97 | 17405 |
| 1897-98 | 14797 |

2. Pending the issue of final orders on the subject, Government rely upon Heads of Departments, &c., for the enforcement of the strictest economy in the use of candles obtained from the Stationery Depot, so as to reduce the expenditure under this head as much as possible. The substitution of kerosine oil and lamps should be ordered wherever feasible.

Correspondence ending with letter No. 282, dated the 23rd February 1899, from the Superintendent of Government Stationery submitting explanation in regard to the inaccuracies and deficiencies noticed when stock was taken on the 2nd January 1899.

**No. 10491—MIS. F. 10-93, DATED BANGALORE, 8TH MARCH 1899.**

ORDER THEREON.—Government do not consider the explanation satisfactory. They are of opinion that whenever stationery is received or issued, if the assorting, counting, &c., be done with due care and attention such differences as have been brought to notice would not occur. Greater care and accuracy must therefore be insisted upon in future in the working of the Stationery Depot, and the Supervisor and Store-keeper warned so as to ensure against the recurrence of such deficiencies.

2. The excesses and deficiencies reported upon will be noted and correct balances, according to last stock taking, entered in the accounts as balances carried forward.

*Letter No. 765, dated February 1899, from the Superintendent of the Mysore Government Press:—*

I have the honor to state that out of the allotment of Rs. 1,400 provided for in the current year's budget against item "Contingencies" under head "13. V. Stationery and Printing" a sum of Rs. 1,396-4-0 has been expended up to and inclusive of February 1899, and that a very small balance, *viz.*, Rs. 3-11-3 is left.

There having been during last quarter, heavy expenditure of railway charges and cartage on despatch of bales of forms and other printed matter to districts, and an extra and special item of expenditure for purchase of disinfectants (both together formed more than a third of the total expenditure as already pointed out in para II of my letter No. 647, dated 21st ultimo), the contingent allotment has run short early.

In order to meet the contingent payments till the close of official year, *i. e.*, from March to end of June 1899, I request that I may be authorized to incur such additional expenditure as may be absolutely necessary, effecting appropriation of such sum from the allotment of Rs. 400 under item "Extra type for Government Press" under minor head "V. Archæological Researches" and major head "XX. Scientific and Minor Departments."

*2. Letter No. 1090, dated the 8th March 1899, from the Director of Archæological Researches in Mysore.*

In reply to your memorandum No. 10304—Mis. 2258 of the 4th instant, forwarding, for my opinion, copy of the Press Superintendent's letter No. 764 of February last, and his subsequent D. O. of the 1st instant, I have the honor to state that the amount will probably not be required for the purpose for which it was provided.

No. 10805-7—Mis. 2352, DATED BANGALORE, 17TH MARCH 1899.

ORDER THEREON.—Under the circumstances represented, the appropriation applied for by the Superintendent of the Mysore Government Press in the first of the letters read above is sanctioned.

Correspondence ending with D. O. letter of the 16th March 1899, from the Superintendent of Government Printing in Mysore, *re* the revision of the scale of pay of the establishment of the Government Branch Press at Mysore.

No. 10883-84—M. F. 135-92, DATED BANGALORE, 20TH MARCH 1899.

ORDER THEREON.—On the recommendation of the Superintendent of Government Printing, Ranganatha Mudaliar was by Government Proceedings, dated 12th September 1895, No. 3499-500—M. F. 135-92, appointed to act as Foreman of the Branch Press in Mysore *sub pro tem*, owing to the death of Rajappa. The Superintendent recommends the confirmation of Ranganatha Mudaliar as Foreman of the Branch Press, but on a somewhat lower pay to start with *viz.*, Rs. 40 and to rise to the maximum of Rs. 60 by four annual increments. He also thinks that, in the case of the Proof Examiner to be appointed hereafter the pay may with advantage be fixed at Rs. 20 to rise to Rs. 25 after two years' approved service. Both these proposals are approved by Government, with effect from 1st April next, but the present Proof Examiner will continue to draw Rs. 25 the maximum pay of the office, his successor being given the minimum of Rs. 20 to start with under the scale as now revised.

Docket No. 618—5, dated 24th February 1899, from the Deputy Commissioner, Hassan district, submitting a batta bill of the Acting Sub-Division Officer, Saklespur, for January 1899, and recommending for sanction the batta charged for a halt made by that Officer for more than ten days at Belur on account of the serious illness of his wife, while he attended to his usual office and Court work there.

**No. 11088-96—P. & A. 929, DATED BANGALORE, 24TH MARCH 1899.**

ORDER THEREON.—Government observe that halting batta can be allowed to an officer only when his stay in a station outside his head-quarters is necessitated by public duty, but where, as in the present case, he chooses to extend his stay beyond the absolute requirements of such duty simply to meet his own private or domestic convenience, Government must, on principle, disallow batta for the period so extended. The batta bill will accordingly be returned to the Deputy Commissioner for revision with the remarks that he should not have made a special recommendation to Government in a case of this kind.

*Letter No. 1115, dated 16th March 1899, from the First Assistant to the Resident in Mysore.*

With reference to your letter No. 8944—Pol. F. 193-92, dated the 31st January last forwarding a report on the condition of the principal stations of the Great Trigonometrical Survey situated in the Mysore State during the year 1898, I am directed to state that the report was communicated to the Superintendent, Trigonometrical Surveys, Dehra Dun, who has now intimated that it is complete and satisfactory.

2. Two blank copies of the form of *Annual Return are enclosed, on the first page of which will be found "Notes on the preparation of the return" and "Measures necessary for the protection of stations". Attention is also invited to the following memo :—

* Appended to these Proceedings.

*Protective Measures*.—The most important measure is to prevent the mark-stones in the basement of the pillars from being disturbed, when therefore a pillar has entirely fallen down, it will suffice if the *debris* is heaped over it in the form of a cone and plastered over with mud, which can be effected at a trifling expense. If it should, however, happen that the mark-stone has been removed, every endeavour should be made to preserve the site by raising a mound of earth, or of earth and stones, a few feet high, over the spot whence the mark-stone has been removed. See also page 1 of the form of Annual Return for further details, if desired.

As the funds available for the protection of stations do not allow of a greater average expenditure than Rs. 4 or 5 per station annually, the repairs should be restricted to the protective measure detailed above.

No. 11135-42—G. F. 193-92, DATED BANGALORE, 28TH MARCH 1899.

ORDER THEREON.—Communicated to the Deputy Commissioners of Districts for information and guidance and with the request that special attention may be given to the measures for the protection of Trigonometrical Stations described in the First Assistant Resident's letter quoted above.

ANNUAL RETURN SHOWING THE CONDITION OF THE PILLARS AND TOWERS, OR PLATFORMS MARKING THE PRINCIPAL STATIONS OF THE TRIGONOMETRICAL SURVEY IN THE DISTRICT OF... .....

---

*Notes on the preparation of this Return.*

(1). In the blank space above, enter the name of the District, Collectorate, Native State or other Territorial Division for which the Return is made.

(2). In column 1 of the Return (see next page) insert the name of the Station as given in the list prepared in the Trigonometrical Survey Office, whenever practicable; the name should be written in the order in which they occur in the Survey lists.

(3). When a Station cannot be identified by the Survey name, but a Tower or Platform is found which is presumably a Survey Station, insert the name by which it is locally known, in column 2

(4). In column 3 give the name of the village within the limits of which the Station is situated.

(5). In column 4 give the name of the Tahsil, Pargana, Taluka, Thana, or other commonly recognized sub-division, in which the Station is situated.

(6). In column 5 give the name of a few of the principal adjoining villages; this is necessary to facilitate identification in the Survey office.

(7). In column 6 state the condition of the Station and estimated cost of repairs.

(8). In consequence of changes in the boundaries of districts, &c., several Stations do not now appertain to the District for which they were returned by the Survey Department. Notices of such alterations will be very valuable, and should be inserted in the Return.

(9). The Return should be sent in annually, as soon as possible after 1st January, to the Superintendent, Trigonometrical Surveys, Dehra Dun, from whom blank copies of this form may be obtained on application.

***Measures necessary for the Protection of the Principal Stations.***

| *Description of Station.* | *Protective Measures.* |
|---|---|
| 1. Hollow Towers of *paka* masonry. | 1. Stop all cracks; close the trap door; block up the windows and the doors in the basement; and should the roof fall in, shape the *debris* in the form of a cone over the basement. If a pillar exists, cover it over with earth, or earth and stones, in the form of a pyramid. |
| 2. Solid Towers of *kacha* masonry, with a central solid *paka* pillar. | 2. Prevent water from percolating to the pillar, by stopping all cracks with mud, and cover the summit of the pillar with earth, sloped away to carry of the rain-fall. |
| 3. Solid Towers of *kacha* masonry, with a central perforated *paka* pillar. | 3. Adopt the same precautions as in 2, and close the passages leading to the ground level mark-stone with earth and stones if open. |
| 4. Low platforms of *kacha* materials with a central solid *paka* pillar. | 4. Repair the platform and construct a pyramedal pile of earth, or earth and stones, over the pillar and partly resting on the platform. |
| 5. *Paka* pillars, circular above and square below. | 5. Close the passages leading to the mark-stones with earth and mud, and prevent water lodging near the base of the pillar. |
| 6. *Poka* pyramidal pillars. | 6. Cover over with earth and stones as in 4. |

Remove vegetation from the roof of the pillars and the platforms, and keep the space round them clear.

# EDUCATION

*Proceedings of the Government of Mysore,*

No. 10223-5—Ed. 230, DATED BANGALORE, 5TH MARCH 1899.

ORDER.—Government are pleased to direct that a revision of the Educational Department of the State be carried out in the manner described below:—

1. The Inspector General of Education will be a separate officer outside the graded list of Educational Officers.

2. The existing special arrangement under which Mr. J. Cook, Principal of the Central College, Bangalore, is placed outside the said list, shall continue in force as regards that officer.

3 The following classification and pay of Educational Officers will be adopted:—

| | Pay. | Increment. | Maximum pay. |
|---|---|---|---|
| | Rs | Rs. | Rs. |
| Class A 1 ... ... ... | 700 | 50 (annual) | 1,000 |
| Class A 2 ... ... ... | 400 | 50 (do) | 700 |
| Class B 1 ... ... ... | 300 | 25 (do) | 500 |
| Class B 2 ... ... ... | 200 | 25 (do) | 300 |
| Class C 1 ... ... ... | 300 | 25 (do) | 450 |
| Class C 2 ... ... ... | 210 | 15 (do) | 300 |
| Class C 3 ... ... | 100 | 10 (do) | 210 |
| Class C 4 ... ... ... | 50 | 10 (biennal) | 100 |

The above classification does not include the Inspection Staff.

4. For officers of Classes A 1 and A 2 the highest standard of qualification will continue to be required, including the ability to teach the entire course of the B. A. Examination in one or more subjects.

5. For Classes B 1 and B 2 the prescribed qualification will continue to be the ability to teach the entire course for the First Examination in Arts, and a part of the B. A. course in one or more subjects. The men admitted to these classes will be such as may be expected (with some practical experience in teaching) to undertake the teaching of the entire B. A. course in one or more subjects.

6. Classes A 2 and B 2 are intended to serve the purposes of recruitment and probation.

Promotion from Class A 2 to Class A 1 and from Class B 2 to Class B 1 will be by selection and according to vacancy.

Specially qualified officers of Class B 1 will be eligible for promotion to Class A 2.

7. The prescribed qualification for Classes C 1, C 2, C 3 and C 4 is the B. A. Degree of any Indian University.

Class C 1 with pay Rs. 300 — 25 — 450 is provided for the few officers, with long meritorious service in the department, whom it may not be possible to admit to Class B 1, but who nevertheless may be deserving of promotion in recognition of their good work.

Promotion from one to another class under "C" will be by selection and according to vacancy.

8. The following personal allowances are sanctioned, with effect from the 1st February 1899.

For Principal, Central College, ... ... Rs. 250 per mensem.
For Principal, Maharaja's College ... ... Rs. 200 „
For Head Master, Second Grade College, Shimoga... Rs. 150 „

These allowances are in addition to the free houses provided for these officers.

These allowances will be strictly *personal, i. e.*, they will be held continuously by the officers whether on duty or leave (subject to the provisions of the Leave Rules in regard to allowances during leave), and will not be given to those who act for them during their absence. They will be taken into account for calculating Leave and Pension allowances, but they are liable to be withdrawn when the officers are permanently transferred to other appointments.

9. The pay of Mr. Bhabha as Inspector General of Education is raised from Rs. 1,000 to Rs. 1,200 per mensem, with effect from the 1st February 1899, (without prejudice to the free house allowed him).

10. The following promotions of Educational Officers are sanctioned, with effect from the 1st February 1899:—

Letter No. 7079—226 of the 2nd March 1899, from the Inspector General of Education in Mysore, applying for sanction to the payment of the charges incurred on account of the Local Examinations held in June and December 1898.

No. 10800-1—ED. F. 29-96, DATED BANGALORE, 17TH MARCH 1899.

ORDER THEREON.—In the letter read above the Inspector General of Education reports that the total charges on account of the Local Examinations for the current year come up to Rs. 9,028-0-3 of which Rs. 205-6-0 has been already sanctioned in the Government Proceedings marginally noted. His letter does not afford sufficient details as to the number of Examiners appointed or as to the distribution of the amount of remuneration, Rs. 7,707, proposed to be paid to the Examiners for various subjects, or as to the amount of contingencies, Rs. 1,321-0-3. He, however, reports that the receipts from fees are more than sufficient to meet the charges incurred, which is an essential condition as laid down in para 4 of Government Proceedings No. 6912-13—Ed. 163, dated the 2nd December 1898, and on this distinct understanding Government are pleased to sanction the payment of the balance of the charges amounting to Rs. 8,822-10-3, a detailed contingent bill supported by proper vouchers being prepared and forwarded to the Comptroller for audit.

No. 7711-12—Ed. F. 29-96, dated 27th December 1898.

2. The total expenditure exceeds the budget provision by Rs. 1,088-0-3, and this excess will be met from General Savings of the Village School Fund budget, the excess fees realized being duly credited to Government.

READ—

*Letter No. 706, dated 18th February 1899, from the Inspector General of Registration in Mysore, to the Secretary to the Government of Mysore.*

I have the honor to state that in his docket No. 64, dated 22nd December 1898, addressed to this office, the District Registrar of Kadur reports that he has fined the Sub-Registrar of Tarikere in a sum of Rs. 2 and also stopped his pay for three days on account of the latter having absented himself from the head-quarters, without permission, for three days.

Under the circumstances stated, I cannot say that the punishment meted out to the Sub-Registrar is, in any way severe, for, if I had dealt with the case myself, I should have taken a more severe notice of his conduct. But the question is as to the competency of the District Registrar to so fine the Sub-Registrars under him. In the present case, however, the District Registrar may have apparently acted under Rule 7 of the Registration Rules, published in the *Mysore Gazette* of the 26th August 1871, page 588, which runs thus:—

> "It shall be the duty of the Registrar to impose on the Sub-Registrars a fine not exceeding Rs. 5 in all cases in which delay in the transmission of their returns or any other neglect of duty is not satisfactorily accounted for."

But I may here observe that the Rule 7 cited above relates to a time when the registration work in the taluks was performed by the Amildars and when the Deputy Commissioners had the authority to punish the Amildars with fines. As, however, such power of fining the Amildars has subsequently been taken away from the Deputy Commissioners (*vide* para 5 of the Chief Commissioner's minute, dated 14th October 1878, published in the *Mysore Gazette* Supplement, dated 26th October 1878) the Deputy Commissioners' powers to fine the Amildar-Sub-Registrars under them must also be considered to have been withdrawn from them. In this view, the action of the District Registrar of Kadur, in having fined the Sub-Registrar of Tarikere, appears to be *ultra vires*.

Thus, there is, at present, no authoritative rule under which to take any departmental notice of the conduct of Sub-Registrars. In the Madras Presidency, the District Registrars have no power to punish the Sub-Registrars under them, but the Inspector General of Registration has been empowered there by the Government to punish the Sub-Registrars for

any insolence, insubordination, misconduct or negligence in the discharge of their duties, with fines extending to Rs. 10, or with suspension for a period of not more than three months. A similar provision being here too necessary, to maintain proper discipline, I would request that the Government may be pleased to vest in me an authority to punish the Sub-Registrars, whenever necessary, with fines up to a limit of Rs. 10, or with a suspension for a period not exceeding three months, the obsolete rule under which the Deputy Commissioners were empowered to fine the Sub-Registrars in their capacity of District Registrars being also at the same time expressly cancelled.

No. 10535—J. 1290, DATED BANGALORE, 9TH MARCH 1899.

ORDER THEREON.—Government observe that para 5 of the Chief Commissioner's minute, dated 14th October 1878, referred to by the Inspector General took away the powers of Deputy Commissioners, as Revenue officers, to fine their Amildars but it had no connection with a rule framed under the Registration Act which conferred on Deputy Commissioners, not as Revenue officers but in their capacity as *ex-officio* District Registrars, the power of fining Sub-Registrars subordinate to them for neglect of duty, which term must be taken to include absence from duty without leave. In this view of the case, the order of the Kadur District Registrar cannot be regarded as *ultra vires.*

2. It is, however, a matter for consideration whether, having regard to the status of a Sub-Registrar and the importance of his office as at present constituted, the imposition of a fine is not calculated to lower him in the estimation of the people of his sub-division and would not be regarded more as a disgrace than as a salutary punishment, and whether inattention to, or neglect of, duty would not be more suitably punished, after sufficient warning, by suspension or a reduction in his grade. If the rule, which now empowers the District Registrar to fine a Sub-Registrar, is to be abrogated on principle so as to do away altogether with this objectionable form of punishment, its modification as suggested by the Inspector General would hardly be necessary. Government would be glad to be favored with the opinion of the Inspector General on this point.

Government Order No. 6807—J. 717, dated the 30th November 1898, directing the detention in the Chitaldrug District lock-up of prisoners sentenced to more than one month's imprisonment, and requesting the submission of a report, in consultation with the Deputy Commissioners of other districts, as to whether similar arrangements can be made in the District lock-ups of other districts.

Letter No. 620—J., dated the 18th February 1899, from the Inspector General of Prisons in Mysore, submitting the further report called for in the Order read above.

No. 10559-64—J. 1295, DATED BANGALORE, 11TH MARCH 1899.

ORDER THEREON.—Government are of opinion that with the abatement of plague in the Bangalore City the extension of the Order of 30th November last, No. 6807—J. 717 to the District lock-ups of Kolar, Tumkur and Kadur seems unnecessary. The necessity exists only in the case of the Hassan district owing to the prevalence of plague in the Mysore City; and Government are pleased to order that prisoners sentenced to more than one month's imprisonment may, until further orders, be detained at Hassan, where the old Sandal Koti is reported to be available for the purpose. The Inspector General of Prisons is requested to give early effect to this arrangement, in communication with the Deputy Commissioner of the district. He is also requested to report whether the Order of 30th November last may not now be withdrawn and the old arrangement reverted to.

*Letter No. 3074—285, dated the 28th February 1899, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore.*

With reference to your official memorandum No. 4730—J. 500, dated 5th October 1898, inviting my attention to Subject No. 331 of the Dasara Representative Assembly Proceedings of 1897, *re* a Police Inspector or Jamadar for Huliyurdurga, I have the honor to forward herewith in original memo No. 534, dated 20th February 1899, from the Deputy Commissioner, Tumkur, stating that a Police Inspector or Jamadar is not necessary for the Huliyurdurga Station.

*Memo No. 534, dated 28th February 1899.*

I do not think that a Police Inspector or Jamadar is necessary for the station of Huliyurdurga; neither the importance of the place nor its state of crime calls for any such appointment. The place is at a distance of 15 miles from Kunigal and, being connected with a good road, is within easy reach of it. The population of the village is 1,452. No trade of any importance is carried on there.

The present strength of the station is 1 dafadar and 10 constables of whom 4 are stationed at the Nilsandra out-post; 73 villages are attached to this station and 18 to the out-post. The number is not larger than that of other sub-stations.

As regards crime the following table will give the statistics for the past five years.

| Year. | Total No. of cases reported. | Remarks. |
|---|---|---|
| 1893-94 | 9 | Including 3 cases of dacoity, Section 395. |
| 1894-95 | 8 | |
| 1895-96 | 4 | |
| 1896-97 | 6 | |
| 1897-98 | 8 | Including 1 case of robbery, Section 392. |
| Total | 35 | |

The number of crimes reported is not on an average in excess of that of any other sub-stations.

No. 10555-6—J. 1292, DATED BANGALORE, 11TH MARCH 1899.

ORDER THEREON.—The Government concur in the view taken by the Deputy Commissioner, and concurred in by the Inspector General of Police, that there is at present no necessity for a Police Inspector or Jamadar being appointed for Huliyurdurga.

Report on the working of the Registration Department in the Mysore State for the year 1897-98, received with letter No. 643, dated 23rd January 1899, from the Inspector General of Registration.

No. 10596-604—J. 1297, DATED BANGALORE, 13TH MARCH 1899.

ORDER THEREON.—As in previous year there were 88 Registration offices, 8 District and 80 Sub-Registry offices. Twenty Sub-Registry offices, previously worked by the Taluk Sheristadars on the commission system, passed to the charge of Special Sub-Registrars during the year under review, thus raising the total number of the latter class of offices from 24 to 44. Another important change was the raising of the 5 Sub-Registry offices from the 2nd to the 1st, and of 3 from the 3rd to the 2nd class.

2. The number of documents registered during the year was 49,471, which gives an increase over the previous year of 13·4 per cent, more than a third being under the head of optional registration. Owing to the increased number of registrations there were also increased receipts, which rose from Rs. 1,03,102 in 1896-97 to Rs. 1,15,777 in 1897-98. The expenditure in the latter year amounted to Rs. 62,049, leaving a surplus of Rs. 53,728.

3. The aggregate value of transactions affecting immovable property was Rs. 1,35,85,469 or about two lakhs and sixty-two thousand more than in 1896-97, the corresponding increase under the head of movable property (Rs. 7,13,997) being about a lakh and nine thousand. As regards immovable property, the number of compulsory registrations was 31,427, and of optional registrations 16,662. Registrations affecting movable property were 1,317 and the number of wills and authorities to adopt registered was 335. In 1896-97 the proportion which optionally registered deeds bore to compulsorily registrable ones was 52·73, and in the year under review the proportion is 53·01 per cent.

4. Three hundred and ninety-five documents were refused registration as against 326 in the year previous. Out of 46 cases appealed against, the orders passed by the Sub-Registrars were set aside in 40 cases; thus the percentage of reversals was rather high, being 86·95.

5. There has been a satisfactory increase in the number of applications for transfer of revenue registry. The attention of the Deputy Commissioners of Districts will, however, be invited to para 11 of the report in which the Inspector General brings to notice the inconvenience caused to parties by applications referred to Revenue officers not being disposed of expeditiously.

6. The increase in the number of insufficiently stamped documents impounded, which has more than doubled since the year previous, speaks well for the vigilance of the registering officers to guard against the loss of stamp revenue to Government.

7. There were no criminal prosecutions during the year under review.

8. Government note with satisfaction that all but two of the Sub-Registry offices in the State were inspected during the year under review. It is desirable that the number of offices inspected by the Inspector General and the District officers should be separately shown in future reports.

ORDER.—A case having recently come before Government in which leave of a kind was recommended which was not warranted by the Mysore Service Regulations, Heads of Departments are requested to be so good as to invariably consult the Codal Rules and, in cases of doubt, obtain the opinion of the Comptroller before addressing Government. This would obviate much unnecessary correspondence and avoid delay in the disposal of references made to Government.

Letter No. 660—J., dated the 4th March 1899, from the Inspector General of Prisons in Mysore, reporting that in anticipation of Government sanction he has directed the Deputy Commissioner of the Chitaldrug district by wire to transfer the prisoners whose detention at Chitaldrug was ordered in Government Order No. 6807—J. 717, dated the 30th November last, to the Central Jail, Bangalore, as the lock-up at Chitaldrug was reported to be full to overcrowding.

No. 10821—J. 1326, DATED BANGALORE, 17TH MARCH 1899.

ORDER THEREON.—The transfer of the prisoners in question, directed by the Inspector General of Prisons, is sanctioned and the Order of 30th November last, referred to in the letter read above, is hereby withdrawn.

Letter No. 637, dated 19th January 1899, from the President of District Fund Boards in the Mysore district, submitting the District Fund Budget Estimates of the French Rocks Circle for 1899-1900.

---

No. 10371-5—L. F. 49-98, DATED BANGALORE, 7TH MARCH 1899.

RECEIPTS.

ORDER THEREON.—The income under all heads for 1899-1900 is estimated at Rs. 43,090 against Rs. 50,356 the actuals of 1897-98 and Rs. 43,540 the sanctioned estimate for 1898-99. The decrease in the estimate is due to the omission of an estimate under "Grants-in-aid," against which Rs. 7,084, sanctioned by Government from Local Funds General during 1897-98, appears in the column of actuals. The estimate is approved.

2. *Opening Balance.*—In lieu of the estimate of Rs. 5,725 proposed under this head, the difference between the actual balance on 1st July 1898, according to the Comptroller's account and the sanctioned estimates of income and expenditure for 1898-99, will be adopted in the present budget.

EXPENDITURE.

3. (*A*) *Public Works to be executed by the Public Works Department.*—The increase of Rs. 615 provided under "II. Repairs" is on account of provision made for the maintenance of the extension of Lingaraja-Chattar-Kalhalli road by 3 miles and for the increased rate of the mileage allotment of Seringapatam-Sosile-Sivasamudram road from Rs. 60 to Rs. 80. The estimate is passed.

4. (*B*) *Public Works to be executed by Revenue Officers.*—The provision of Rs. 134 made under "III. Establishment" is on account of the cost of supervision of road repairs provided under this head as well as of the construction of cattle-pounds provided under "X. Miscellaneous." The estimate is sanctioned.

C. CIVIL CHARGES.

5. *I. Office Establishment.*—The estimate sanctioned for 1898-99 repeated under the head will be retained, pending the issue of final orders on receipt of Comptroller's reply to this office No. 8768-9—L. F. 3-97, dated 27th January 1899, in regard to the contribution payable from Local Funds towards the cost of increased establishments sanctioned in Proceedings No. 6982-90—L. F. 3-97, dated 6th December 1898.

6. *III. Hospitals and Dispensaries.*—The quota of the cost of Her Highness the Maharani Hospital at Mysore debitable to the French Rocks Local Fund Circle is Rs. 1,344* and not Rs. 1,328, as entered in the budget. The former figure will be adopted, and the estimate under this head raised from Rs. 4,528 to Rs. 4,544.

| | Rs. |
|---|---|
| 1 Establishment .. | 777 |
| 2 Contingencies . | 490 |
| 3 Bedding and clothing | 77 |
| Total . | 1,344* |

7. *V. Sweepers for Travellers' Bungalows, &c.*—The provision made under this head *viz.*, Rs. 432, does not include the salaries of the watchmen of the marginally noted Inspection Lodges, sanctioned in Government Proceedings No. 4810-11—L. F. 105-97, dated 6th October 1898. The necessary addition will be made and the estimate raised to Rs. 552.

1 Honakere watchman at Rs. 6 per mensem.
2 Basaral watchman at Rs. 4 per mensem.

8. The other items call for no remarks and are passed.

9. The budget estimates of receipts and expenditure of the District Fund of the French Rocks Circle for 1899-1900 are sanctioned as per details given in the accompanying appendices of which an abstract is given below:—

| | | Rs. | |
|---|---|---|---|
| 1 | Estimated opening balance . . | 17,958 | |
| 2 | Ditto receipts for 1899-1900 | 43,090 | |
| | | | 61,048 |
| 3 | Total including balance | | |
| 4 | Estimated expenditure— | | |
| | A. Public Works to be executed by Public Works Department. | 35,127 | |
| | B Ditto Revenue Department | 474 | |
| | C Civil Charges | 9,303 | |
| | | | 44,904 |
| | Total A, B and C | | 16,144 |
| 5 | Closing balance | | |

10. As the closing balance as estimated by the President is less than the prescribed minimum, the Board, in para 12 of their Proceedings, dated 29th December 1898, observe that with their impoverished finances they are not only unable to undertake any new works of public utility but are also precluded from providing for the special repairs of some of the more important roads, which have been drifting from bad to worse and that the repeated representation for the transfer of the more expensive roads to Provincial Funds have met with no favor and pray for a grant of Rs. 30,000 from Local Funds General. But as the estimates, as above revised, admit of further expenditure from District Funds, the President is requested to provide further allotment for works and then to submit a separate reference in the event of a grant-in-aid being found to be absolutely necessary.

Letter No. 504—402, dated 2nd January 1899, from the President of the District Fund Board, Shimoga Circle, submitting for sanction a supplemental District Fund budget estimate for 1898-99.

---

No. 10383-6—L. F. 107-97, DATED BANGALORE, 7TH MARCH 1899.

ORDER THEREON.—The increases provided in the revised budget are given below:—

| | | Rs. |
|---|---|---|
| Opening balance on 1st July 1898 | .. | 8,763 |
| *Expenditure* | | |
| A. Public Works to be executed by Public Works Department— | | |
| | | Rs |
| I. Original works | | 17,300 |
| II Repairs | | 587 |
| III. Establishment | | 3,393 |
| B Public Works to be executed by Revenue Department— | | |
| II Repairs | | 9,983 |
| III Establishment | | 993 |
| C Civil Charges— | | |
| IX Contribution | | 5,300 |
| Total | | 38,061 |

2. The increase under "Opening balance" is due to the actual figures, according to the Comptroller's account for the year 1897-98, having been adopted in the present estimate.

3. *A. Public Works to be executed by Public Works Department. I. Original Works.*—It is observed that the estimate under this head does not include the sum of Rs. 1,000, transferred in Government Proceedings No. 5134-5—L. F. 107-97, dated 14th October 1898, for the construction of a musafirkhana at Hosur on the Honnali-Shikarpur road, from the provision of Rs. 4,000 under "C. Civil Charges, VI. Conservancy and sanitation". The estimate will accordingly be raised by Rs. 1,000, corresponding reduction being made under the latter head.

4. *C. Civil Charges. III. Hospitals and Dispensaries.*—It is noted that the provision made in the District Fund budget of Shimoga Circle on account of the salaries, &c., of the establishment attached to Local Fund dispensaries are not double the provisions made for the same in the municipal budgets except in the case of Sagar and Kumsi as shown in the margin. These differences require explanation and correct figures should be given.

| | As per Municipal budget. | As per District Fund budget. |
|---|---|---|
| | Rs. | Rs. |

| IX. | Contribution . . . . | 664 |
| X. | Miscellaneous (2) Construction and repair of cattle-pounds | 348 |
| | Total ... | 11,486 |

2. *Opening Balance.*—The increase under this head is due to the actual balance on 1st July 1898, as per Comptroller's accounts having been entered in the present budget. The estimate is passed.

3. *A. Public Works to be executed by Public Works Department.*—The net increase to be provided under I. Original works as per details given in the margin is only Rs. 4,500 and not Rs. 5,500 as entered in the revised budget. The former figure will be adopted and the estimate curtailed, corresponding reduction being made in the provision under "III. Establishments".

| | Rs. |
|---|---|
| (1) Improving Iyahalli-Yeslurpet road . | 1,000 |
| (2) Opening out Yeslurpet-Changadahalli road . | 500 |
| (3) Additional allotments for works for which provisions exist in the original budget for which no details have been furnished . . ... . | 4,000 |

| (1) Bridging and improving Wongur-Mallepatna road | 1,000 |
| Balance or net increase . . | 4,500 |

4. *B. Public Works to be executed by Revenue Department.*—The increases provided under "I. Original works" and "II. Repairs" as also those under "X. Miscellaneous (2) Cattle-pounds" are stated to be needed on account of a moiety of the cost of incomplete works of the previous year. It should be explained why only moieties are provided for and how the remaining moieties are intended to be met. Pending information, the estimates will stand. The correct provision that has to be made on account of the supervision charges comes to **Rs. 1,663 and not** Rs. 1,178 as entered in the budget. The former figure will be retained in the budget.

| | | | Rs. |
|---|---|---|---|
| A. Public Works | I. | Original works ... | 6,974 |

| | | Total ... | 16,630 |

*C. Civil Charges.*

5. ***I. Office Establishment.***—The increased provision under this head will be retained, pending the issue of final orders on the Comptroller's proposal to levy a fixed contribution from Municipal and District Funds on account of Local Fund establishments as recently revised.

6. ***IX. Contribution.***—The increase of Rs. 664 entered under this head is said to be required to meet the District Fund quota of contribution towards works executed by the Executive Engineer. The description of the works, for which contribution is provided should be stated. Meanwhile the estimate will stand.

7. The budget estimates of the Hassan Circle for 1898-99, as now revised, will stand as per particulars given in the accompanying appendices, of which an abstract is given below :—

## Explanatory Memo of the supplemental estimates.

| | Excess item or otherwise. | Explanations for the excess or otherwise. |
|---|---|---|
| | | *Receipts.* |
| 1 | Rs. 1,500 under IX Miscellaneous (3). | The sum of Rs. 1,500 under Receipts "IX. Miscellaneous" (3) "Adjustment of advances on account of cattle impounded" has been omitted agreeably to the Government No. 6093—L. F. 106-97, dated 15th November 1898, and hence the total under Receipts has been reduced from Rs. 1,13,098 to Rs. 1,11,598. |
| 2 | Rs. 27,214 .. | The opening balance of Rs. 37,603 as sanctioned in the budget has been raised by Rs. 27,214 so as to make it correspond with the actual balance of Rs. 64,817. |
| | | *Expenditure.* |
| 1 | —Rs. 1,000+6,500 I Original works "P. W. to be executed by P. W. D." | "Minus Rs. 1,000" indicates that the project of bridging and improving Wongur-Mallipatna road for which a sum of Rs. 1,000 was provided in the current budget is to be resigned as per Executive Engineer's docket No. 405, dated 15th September 1898.<br>A sum of Rs. 1,000 has been provided for improving Iyhalh-Yeslurpet road and another sum of Rs. 500 for "Opening out Yeslurpet-Chengadihalli road" although no provision was made for them in the original budget as it has been stated by the Executive Engineer that provisions for these are absolutely necessary this year as per his docket No. 405, dated 15th September 1898. Again the Executive Engineer having stated in the same docket that further allotments must be made to him for certain other works for which provisions have been already made in the current budget a sum of Rs. 4,000 was granted owing to paucity of District Funds.—Thus, a sum of Rs. 5,500 was granted on the whole. |
| 2 | Rs. 963 III Establishment. | A sum of Rs. 963 has been provided under "Establishment" calculated at 17½ per cent on Rs. 5,500. |
| 3 | Rs. 2,574, I Original works P. W. executed by Rev. officers. | A sum of Rs. 2,574 is entered under this, being moiety of funds probably required this year for incomplete works, original. |
| 4 | Rs. 808, II Repairs .. | A sum of Rs. 808 is entered under this, being moiety of the amount probably required this year for incomplete works of 1897-98 under "Repairs". |
| 5 | Rs. 338, 'Establishment'. | Rs. 338 is entered under "Establishment" calculated at 10 per cent on Rs. 3,382. |
| 6 | Rs. 75 and 216 under "Civil Charges". | Rs. 75 has been entered as contribution by this district towards the Dewan's and Comptroller's offices establishment being the amount for six months from 1st January for the additional hands there as per revised establishment maintained as per Government Proceedings No. 6982-90—L. F. 3-97, dated 6th December 1898.<br>Rs. 216 is entered as pay and batta of Statistical clerks calculated from 1st January for six months as per revision of establishments of the Department maximum pay being put in each case. |
| 7 | Rs. 664, Contribution "Civil Charges". | Rs. 664, represents the probable amount required to meet the cost of District Fund contribution towards works executed by the Executive Engineer, "Original, and repairs" in addition to Rs. 439 already provided in the budget of the current year as per Executive Engineer's docket Nos. 465, dated 12th October 1898; 517, dated 8th November 1898; 567, dated 16th December 1898; 16, dated 8th January 1899, and 30, dated 21st January 1899, to this office. |
| 8 | Rs. 348, "Cattle-pounds". | This is put in as the probable amount required for this purpose during the remaining months of the current year, being the moiety of the total cost of incomplete cattle-pound works at the end of June 1898. |
| 9 | Rs. 1,500, 'Advances to pound-keepers'. | The amount of Rs. 1,500 under "cattle-pound advances" is omitted in anticipation of sanction under sanctioned expenditure as explained in this office letter No. 573, dated 8th February 1899. |

Docket No. 374, dated 10th February 1899, from the President of the District Fund Board, Kadur Circle, submitting the District Fund budget estimates of the Kadur Local Fund Circle for the year 1899-1900.

---

No. 10786-91—L. F. 52-98, DATED BANGALORE, 17TH MARCH 1899.

ORDER THEREON.—The estimated receipts under all items amount to Rs. 52,633 against Rs. 51,067, the actuals of 1897-98 and Rs. 53,100 the sanctioned estimate for 1898-99.

2. The increase under "76 per cent of the local cess," as compared with the actuals of 1897-98, has not been explained. The omission should be supplied. Meanwhile the estimate will stand.

3. The actual balance of Rs. 12,795 on 1st July 1898 is given as the estimated balance on 1st July 1899, instead of the closing balance of the year 1898-99. A sum of Rs. 4,159, as per particulars shown in the margin, will be adopted in the budget.

| | | Rs. |
|---|---|---|
| (1) | Actual balance on 1st July 1898 .. | 12,795 |
| Add— | | |
| (2) | Estimated receipts for 1898-99 .. | 53,100 |
| | Total including balance ... | 65,895 |
| Deduct— | | |
| (3) | Estimated expenditure for 1898-99 ... | 61,736 |
| | Balance on 1st July 1899 .. | 4,159 |

4. Including the opening balance, the sum available for expenditure is only Rs. 56,792, whereas the proposed expenditure exceeds this sum by Rs. 6,658. The estimated expenditure has therefore to be reduced by Rs. 19,816 to wipe off the debit balance and to maintain the prescribed minimum balance.

5. Owing to the insufficiency of funds, the provisions made for fresh public works, &c., will be struck out or reduced as shown below:—

*A. Public Works to be executed by Public Works Department.*

| | | Estimate proposed. | Estimate sanctioned. | Amount of reduction. |
|---|---|---|---|---|
| I. | Original works— | Rs. | Rs. | Rs. |
| Item 2. | Improving Kotigehar-Kalasa road .. | 2,000 | 1,000 | 1,000 |
| 4. | Special repairs of Tarikere-Hosdurga road ... | 1,000 | . | 1,000 |
| 5. | Constructing a native kitchen to the travellers' bungalow at Linganahalli .. | 900 | | 900 |
| 6. | Opening out a road from Chiknahalli to Chikmagalur in continuation of the Saklespur-Chiknahalli road .. | 500 | ... | 500 |
| | | | | 3,400 |
| II. | Repairs. Reserve grant. ... | 2,310 | 1,000 | 1,310 |
| B. | Public Works to be executed by Revenue Department. | | | |
| | I. Original works. | | | |
| (1) | Improving the cart-track connecting Sakrepatna-Belur road *via* Dantramakki and Herimagalur .. ... | 500 | ... | 500 |
| (3) | Improving the famine road from Kadur to Belagur .. ... | 1,500 | ... | 1,500 |
| (5) | One-third cost of constructing a bathing ghat to Dodkere in Tarikere | 312 | ... | 312 |

In consequence of the above reduction in the provisions for works, the estimates on account of establishment charges will be curtailed as shown in the margin.

| | Proposed estimate. Rs. | Sanctioned estimate. Rs. | Reduction made. Rs |
|---|---|---|---|
| Public Works— | | | |
| III Establishments | 5,500 | 4,863 | 637 |
| Ditto | 650 | 418 | 232 |

*Civil Charges.*

6. *I. Office Establishments.*—The provision of Rs. 1,400, made under this head will be retained pending the issue of final orders on the proposal of the Comptroller to levy a fixed contribution from the District Funds towards the cost of establishments in the offices of the President, Comptroller and the Dewan.

7. *II. Medical Scholarships.*—The President makes no provision under this head and Proceedings No. 6106-15—L. F. 99-96, dated 26th November 1896, are quoted as the authority for this omission. Though the order does not authorize the grant of scholarships to new students, yet payment has to be made for students undergoing training in the Madras Medical College. Pending the receipt of a reply from the Senior Surgeon in regard to the correct provision that has to be entered, the current year's provision will be repeated in the present budget.

8. *III. Hospitals and Dispensaries.*—The increase under this head is chiefly due to the provision of Rs. 300 made in the present budget on account of a fixed allowance to Mudgere Sub-Assistant Surgeon for visiting Balur on weekly fair days in accordance with the resolution of the Board. Pending the issue of final orders on a separate reference, which the President is requested to submit on the subject, the provision will be retained.

9. *Sweepers for 3rd Class Travellers' Bungalows and Musafirkhanas.*—The marginally noted enhanced provisions made in the present budget account for the increase under this head. The estimate is passed.

| | *Increase.* Rs. |
|---|---|
| 1. Sweeper for the musafirkhana at Balehonnur | 72 |
| 2. Supply of vessels to 3rd class bungalows and repairs | 150 |
| | 222 |

10. *VI. Conservancy and Sanitary charges.*—The sanctioned provision under this head for 1898-99 is Rs. 1,404 as entered in the consolidated budget statement, whereas the same is given in the detailed Statement G as Rs. 1,392. This discrepancy requires explanation.

11. The other items call for no remarks and are sanctioned.

12. The budget estimates of the District Funds of the Kadur Circle for 1899-1900 are sanctioned as per details given in the accompanying appendices of which an abstract is given below:—

| | | *As proposed.* Rs. | *As sanctioned.* Rs. |
|---|---|---|---|
| (1) | Opening balance ... ... | 12,795 | 4,159 |
| (2) | Estimated receipts for 1899-1900 .. | 52,633 | 52,633 |
| | Total including balance . . | 65,428 | 56,792 |
| (3) | Estimated expenditure for 1899-1900— | | |
| | (A) Public Works to be executed by Public Works Department | 38,000 | 32,653 |
| | (B) Ditto Revenue Department | 7,350 | 4,806 |
| | (C) Civil Charges | 18,100 | 18,707 |
| | Total ... | 63,450 | 56,166 |
| (4) | Estimated closing balance .. | 1,978 | 626 |

13. In spite of the reductions made in para *5 supra*, the estimated balance in favor of the District Funds on 30th June 1900 is only Rs. 626. The President is therefore requested to propose reductions in the sanctioned allotments unless the actual balance on 1st July 1899 exceeds the estimate above sanctioned by Rs. 12,532.

READ—

Letter No. 812, dated 11th February 1899, from the President of the District Fund Board of the Bangalore Circle, submitting the revised District Fund budget estimates of the Bangalore Circle for 1898-99.

---

No. 10828-31— L. F. 101-97, DATED BANGALORE, 18TH MARCH 1899.

ORDER THEREON.—The increases provided in the revised budget both under "Receipts" and "Expenditure" are given below :—

*Receipts.*

| | | Increase. Rs. |
|---|---|---|
| VII. | Private contributions. | 42 |
| IX. | Miscellaneous (1) Refund of District Fund imprests | 113 |
| | Opening balance | 16,314 |

*Expenditure.*

| | | |
|---|---|---|
| A. | Public Works to be executed by Public Works Department. | 4,891 |
| B. | Public Works to be executed by Rev. Dept. | 13,154 |
| C. | Civil charges. | 2,681 |

*Receipts.*

2. The source from which an increase of Rs. 42 is expected from "Private contributions" should have been explained in the remarks column of the consolidated budget statement. This is probably the contribution payable from the Muzrai Funds towards the cost of the chattram at Hebgode. The circumstances under which "Imprest amount" is proposed to be refunded should also be stated. Pending information on these points, the estimate will stand.

3. The correct total of the details given in the budget statement is Rs. 71,307 and not Rs. 71,194 as entered therein. The discrepancy requires explanation, pending which the former figure will be adopted in the budget.

4. The increase under "Opening balance" is due to the actual balance having been entered in the revised budget, instead of the approximate figure given in the original budget. The estimate will be passed.

*Expenditure.*

5. *A. Public Works to be executed by Public Works Department.*—The correct total of the items shown in column "Grants for 1898-99 as now required" in the statement of "Original Works" is Rs. 11,162, and not Rs. 11,662 as therein entered. The difference is due to the omission to enter in the above column a sum of Rs. 500 shown in the column "Difference," for the construction of a loop-line between Dodballapur railway station and 4—11th mile of Dodballapur-Devanhalli road. The omission will be supplied and the provision passed. The supplemental grant of Rs. 1,000 provided for special repairs of roads is also sanctioned.

6. *B. Public Works to be executed by the Revenue Department.*—The necessity for the increased provision of Rs. 23,137, entered under this head is not apparent.

The amount sanctioned in the original budget is Rs. 9,983. Including the provision of Rs. 10,114 *on account of incomplete works and of Rs. 1,012 for supervision charges, the amount that has to be entered is Rs. 21,109 or Rs. 2,028 less. This discrepancy requires explanation. Meanwhile the estimate will stand.

*Correct total of the list of incomplete works and not Rs. 10,115-12-9 as entered therein.

*Civil Charges.*

7. *I. Office Establishment.*—The increased provision under this head will be allowed to stand pending the issue of final orders on the Comptroller's proposal to charge a fixed contribution on account of establishment charges.

8. *II. Medical Scholarships.*—On account of a scholarship to a midwife, an increase of Rs. 143 is entered under this head. This item should properly appear under "IV. Midwives" and is accordingly transferred to that head and the estimate reduced.

9. *IV. Midwives.*—The provision newly made on account of the pay of a midwife to be attached to the Yelahanka Dispensary accounts for the increase under this head. It is observed that the correct amount debitable to District Funds on account of a moiety cost of the pay of the eight midwives at Rs. 15 each per mensem is only Rs. 720, and not Rs. 770 as entered in the detailed statement of Civil charges. The necessity for the increase of Rs. 50 has not been explained and this sum appears to have been left out of account in arriving at the total under the head. The provision made will therefore be altered to Rs. 1,583, which includes Rs. 143 transferred from "II. Medical Scholarships."

10. *V. Sweepers for III Class Travellers' Bungalows and Musafirkhanas.*—The provision made for the purchase of vessels for the 3rd class travellers' bungalows in the districts and the Gollahalli musafirkhana chiefly accounts for the increase under this head, and is passed.

11. *VI. Conservancy and Sanitary Charges.*—The provision under this head includes the marginally noted increases. The necessity for items 1 and 2 should be explained. As regards the remaining item, it is not clear whether this sum and a similar amount shown under "VIII. Contributions" represent the full salary of the sweeper of the chattram at Hebgode. If the contribution of Rs. 42, referred to in para 2 *supra*, represents the contribution payable by the Muzrai Department towards the cost of the above chattram under Government Proceedings No. 218–20—Muz. F. 10-96, dated 6th August 1896, the full pay of the sweeper attached thereto ought to be shown under the head "V. Sweepers for Travellers' Bungalows and Musafirkhanas," and not under the above two heads. The President is therefore requested to explain the matter fully and to state the salary of the sweeper. Pending information the estimate will not be disturbed.

| Increases. | |
|---|---|
| (1) Maintenance of water sheds in places where water is not procurable, Increase from Rs. 100 to 150 | Rs. 50 |
| (2) Conservancy establishments during jatras from Rs. 150 to 250 | Rs. 100 |
| (3) Sweeper of the chattram at Hebgode, Anekal taluk, sanctioned in Proceedings No 14041-2—L.F.9,94, dated 28th January 1898 | Rs. 42 |

13. The other items call for no remarks and are passed.

14. The budget estimates of the District Funds of the Bangalore Circle for 1898-99, as now revised, will stand as per details given in the accompanying appendices of which an abstract is given below:—

| | | Rs. |
|---|---|---|
| Opening balance on the 1st July 1898 | ... | 35,709 |
| Receipts during 1898-99 | .. | 71,307 |

*Proceedings of the Government of Mysore,*

READ—

Letter No. 86, dated 16th February 1899, from the President of the Municipalities in the Kadur district, submitting the further explanation called for in Government Proceedings No. 6493-5—L. F. 119-97, dated 23rd November 1898, in regard to the budget estimates of the several municipalities in the Kadur district for 1898-99.

---

No. 10256-57—L. F. 119-97, DATED BANGALORE, 3RD MARCH 1899.

ORDER THEREON.—*X. Miscellaneous (f) Land Revenue.*—As the estimates of Rs. 2, 3 and 100 entered under this head in the budgets of Tarikere, Sringeri and Sakrepatna Municipalities, respectively, are stated to be the revenue expected from the sale of building sites, they will be transferred to "X (*a*) Sale of building sites."

2. *III. Collection* (*a*) *Octroi.*—As the increase of Rs. 23 per mensem to the Octroi establishment of Chikmagalur Municipality is proposed to be held in abeyance, the provision made in the budget for 1898-99 will be struck out and the total estimate under this head reduced from Rs. 1,578 to Rs. 1,302.

3. *VII. Lighting.*—The President's proposal to retain the sum of Rs. 13 under a separate sub-head "Other charges" in the budget of Ajjampur Municipality is accepted, and the estimate under the head passed.

**No. 10460-8—L. F. 115-97, DATED BANGALORE, 8th MARCH 1899.**

ORDER.—In future, a forecast of works to be executed in each year and of other items of expenditure should be prepared with great care and adhered to as far as possible as per sanctions accorded by Government, and wherever a deviation from the budget allotment is found to be absolutely necessary in the course of the year, the same should be embodied in the final revised budgets, which should be submitted in the latter half of the year and sanction of Government obtained thereto. This, it is hoped, will avoid the necessity for frequent references now being made to Government by the Comptroller and Presidents owing to the sanctioned scale of establishments and other budget allotments being very often interfered with without proper sanction thereto.

READ —

Letter No. 45, dated 23rd January 1899, from the President of the Municipalities in the Kolar district, submitting for sanction a statement of incomplete works requiring appropriation during 1898-99 together with supplemental budgets of the several municipalities in the district for the year.

---

No. 10768-71—L. F. 113-97, DATED BANGALORE, 17TH MARCH 1899.

ORDER THEREON.—The increases provided in the supplemental budgets and the sums required for incomplete works included in the list received with the above are given in the following statement :—

2. The increases provided under "Opening balance" are due to actual balance on 1st July 1898 having been entered in lieu of the approximate estimates shown in the original budgets. The revised estimates are passed.

EXPENDITURE.

3. *III. Collection.*—The provision of Rs. 135, entered in the budget of Kolar in addition to the sum of Rs. 234 sanctioned in the original budget, is said to be required on account of the pay of the shanbhog of Kolar. Pending explanation as to the necessity for the payment of the above sum, in addition to the usual sum of Rs. 60, for which provision already exists in the original budget, the estimate will stand.

*IV. Conservancy.*—The provision made under this head is on account of the salaries of the additional conservancy staff and increases to the existing hands and on account of carts in Kolar and Chikballapur as well as for the removal of rubbish in Bowringpet, most of which have already been sanctioned by Government. The estimate is passed. But the President is requested to see that in future the number and date of Government Order sanctioning each item is invariably quoted in supplemental budgets.

4. *VIII. Public Works, (b) to (o) Works.*—The additional provisions made under this head are sanctioned. But as no provision has been made on account of the supervision charges on the additional provisions now made, ten per cent thereof will be entered under the head "VIII. Public Works (*a*) Supervision" to meet the cost of Work Inspectors recently appointed to look after works undertaken by the Revenue agency.

5. The increase provided under "XI. Miscellaneous" is on account of the pay of five watchers for Kolar and one watcher for Chintamani sanctioned in Proceedings No. 4679-80—L. F. 113-97, dated 5th October 1898 and No. 8191-2—L. F. 113-97, dated 16th January 1899, respectively, as also for increase of pay of gardener in Kolar. The authority for the latter item should be quoted. Pending information the provision will stand.

6. The budget estimates of the several municipalities in the Kolar district for 1898-99 as above revised will stand as shown in the accompanying appendices of which an abstract is given below :—

| Municipalities. | Opening balance. | Estimated Receipts. | Total including balance. | Estimated expenditure. | Closing balance. |
|---|---|---|---|---|---|
| | Rs. | Rs. | Rs. | Rs. | Rs. |
| Kolar ... ... ... .. .. | 5,454 | 8,387 | 13,841 | 12,207 | 1,634 |
| Bowringpet ... ... ... | 2,026 | 3,317 | 5,343 | 5,146 | 197 |
| Chintamani .. | 7,403 | 4,788 | 12,191 | 6,651 | 5,540 |
| Srinivaspur ... ... .. | 1,927 | 1,570 | 3,567 | 2,192 | 1,375 |
| Mulbagal .. ... ... ... | 2,280 | 3,731 | 6,011 | 4,403 | 1,608 |
| Sidlaghatta . ... ... ... | 2,690 | 4,255 | 6,945 | 5,282 | 1,663 |
| Chikballapur .. ... ... ... | 21,603 | 6,197 | 27,800 | 14,160 | 13,646 |
| Bagepalli ... ... ... ... . | 454 | 641 | 1,095 | 754 | 341 |
| Goribidnur ... .. ... | 2,684 | 1,389 | 4,073 | 3,104 | 969 |
| Malur ... ... .. | 854 | 1,746 | 2,600 | 1,907 | 693 |
| Total ... | 47,445 | 36,021 | 83,466 | 55,806 | 27,660 |

7. From the above, it appears that the closing balance in favor of Kolar and Bowringpet is less than the prescribed minimum. Efforts should be made to maintain the minimum as far as possible by effecting savings in the sanctioned allotments.

No. 10962-9 – L. F. 280-92, DATED BANGALORE, 22ND MARCH 1899.

ORDER.—The Government observe that the Presidents of Local Fund and Municipal Boards often omit to specify the source from which charges submitted to Government for sanction should be met, and that thereby unnecessary delay is caused in the disposal of such matters. They are, therefore, requested to see that in future in each communication soliciting sanction to a charge, the source in the Municipal or District Fund budget concerned is invariably pointed out, as it will save much unnecessary correspondence.

## *Proceedings of the Government of Mysore*

READ THE FOLLOWING PAPERS:—

(I) Proceedings of Government No. 3168-76—Pet. 478, dated 23rd September 1897, circulating to the Deputy Commissioners of districts and the Director of Agricultural and other Statistics, the following draft Rules proposed by the Superintendent, Revenue Survey, regarding the right to trees on the banks and in the beds of streams included in, and forming parts of, occupied survey numbers, and requesting them to favor Government with their opinions regarding their adoption :—

"1. If trees other than sandal or trees specially reserved under Section 42 of the Land Revenue Code, grow upon the banks or dry bed of a stream included in an occupied survey number, they belong to the occupant."

"2. When a stream forms the boundary of an occupied survey number, the occupant should be allowed the benefit of the trees on the area recorded in the Survey Registers, all beyond it being considered the property of Government subject to the provisions of the Land Revenue Code regarding alluvion—Sections 61 and 62."

---

(II) The following replies to the above:—

(i) Letter No. 609, dated 12th November 1897, from the Deputy Commissioner, Bangalore district, stating that the concession proposed in the draft Rules is much too liberal; that if the area occupied by streams is deducted at the time of the survey settlement, there is no reason to concede to the holders of the fields wherein the streams lie, the right to trees on such area and that if such area is not deducted but is assessed, the trees thereon should go to the holders of the fields in which it is included and assessed.

(ii) *Letter No.* 1723—492, *dated* 13*th November* 1897, *from the Deputy Commissioner, Kolar district.*

With reference to Government Proceedings No. 3168-76—Pet. 478, dated 23rd September 1897, I have the honor to state that I concur generally with the views expressed by the Superintendent of the Revenue Survey. The Rules enunciated in para 5 of his letter appear also suitable, but there are some drawbacks in the practical working of these rules on which it is desirable to have definite instructions.

2. Jungle streams may be divided broadly into two kinds, *viz.*, large and small. In the case of the smallest streams, as a rule, the Survey Department include their beds in the survey number on one side deducting their extent as Phut kharab and have only one set of bandhs erected on the opposite bank to mark off the boundary of the fields on that side. But it happens very often that the owners of the latter fields assert their right to graze in the bed of the stream quite as much as the owner of fields on the opposite side. In such cases the action of the Survey Department in including the whole stream in the fields on one side, is productive of hardships, and the raiyats complain of the actions of the Survey Department as arbitrary.

3. Again in the case of the major streams though the beds are not included in survey numbers on either side, no boundary marks are generally put up to indicate the land reserved for the margin of the stream, and it will not be easy to work the second rule without recourse to the measurement books (Tippani). In this connection it is also desirable to consider the provisions of Section 62 of the Land Revenue Code which recognizes the title of the occupants of lands on the back of a stream to the temporary use and occupation of alluvial formations of small extent.

4. In conclusion, I would add that, before giving effect to any rules on this subject provision should be made for selling to occupants themselves or others kharab lands exceeding a given minimum in extent as well as trees on the margin which have hitherto been recognized as Government property.

(iii) Docket No. 487—458, dated 25th November 1897, from the Deputy Commissioner, Chitaldrug district, reporting that the proposed rule may be adopted, as it is calculated to ensure uniformity of procedure.

(iv) Letter No. 698, dated 11th December 1897, from the Deputy Commissioner, Mysore district, stating that the rules proposed may be adopted.

(v) Letter No. 666, dated 2nd January 1898, from the Deputy Commissioner, Hassan district, stating that he agrees with Colonel Grant in considering that the trees standing within an occupied survey number are the property of the occupant whether the portion or portions on which they stand, are or are not deducted as Phut kharab; but if the Phut

kharab forms the bed or bank of a stream, the occupant may have rights to the fruit of the trees in consideration of his taking care of the existing trees and planting new ones and that the occupant should not be allowed to cut them down, inasmuch as this would frustrate the object for which the concession is granted, although he may utilize dry trees.

(vi) Letter No. 796—658, dated 8th January 1898, from the Deputy Commissioner, Shimoga district, stating that there is no necessity for laying down the proposed rules, as they are merely a declaration of what should be understood as the existing law.

(vii) Letter No. 592, dated 25th February 1898, from the Deputy Commissioner, Kadur district, stating that the right to trees on the banks or beds of streams included in an occupied survey number, cannot be extended to the occupants in cases in which such streams, nalas, etc., are deducted as "Phut kharab" and no assessment is levied on the extent so deducted.

(viii) Letter No 842, dated 13th March 1898, from the Deputy Commissioner, Tumkur district, stating that well-defined streams and channels should not be included in private lands, as such streams and channels are often feeders of tanks, whose interests are prejudicially affected by such inclusion. If it be found inconvenient to exclude them from assessed survey numbers, they may be regarded as "Phut kharab" and the Government right to the trees and grass growing on their banks or bed, may be made over to the occupant at a valuation, subject to the proviso that he shall not in any way interfere with the flow of water in them.

(ix) Memo, dated 19th November 1897, from the Director of Agricultural and other Statistics in Mysore, stating that the area occupied by important feeder channels of tanks should be registered as kharab and deducted from the area assessed for cultivation, so that no private rights of occupancy in respect of them might arise, and that it is undesirable unnecessarily to create ownership in trees growing on land which is not private property such as the banks of rivers and streams.

---

(III) Letter No. 2233—P. F. 25-97, dated 14th September 1898, to the Superintendent of Revenue Survey in Mysore, forwarding a copy of letter No. 1723—492, dated 13th November 1897, from the Deputy Commissioner, Kolar district, for any remark he may wish to make, and requesting him to explain why the streams and channels in all such cases should not be excluded from the holding and treated as a reserved land.

---

(IV) *Letter No. 220, dated 23rd September 1898, from the Superintendent of Revenue Survey in Mysore.*

I have the honor to acknowledge the receipt of your letter No. 2233—Pet. F. 25-97, dated 17th September 1898, forwarding copy of Deputy Commissioner's letter No. 1723—492 of 13th November 1897, on the subject of draft Rules regarding the right to trees on the banks and beds of streams included in, and forming parts of, occupied survey numbers, and at the same time asking me to explain why the streams and channels in all such cases should not be excluded from the holding and treated as reserved land.

2. I will first of all, as far as possible, meet the Deputy Commissioner's remarks as to the drawbacks to the practical working of the Rules suggested by me in my letter No. 855 of the 28th June 1897.

3. The Deputy Commissioner suggests, with reference to the larger jungle streams excluded from the adjoining survey numbers, that no boundary marks being usually put up, it will be difficult to work Rule 2 as proposed by me without the aid of the Measuring Field Book. As a matter of fact the survey orders are to the effect that a bandh must be put up showing the direction in which the boundary of any survey branches off from the stream and at the bends of the stream itself stones are to be erected. I daresay these stones may not be easily found now, because they have not been regularly inspected and kept up and also stones are very easily washed away on the banks of streams. It was for this reason that, in Rule 2, I made the recorded area of the survey number regulate the limit to which the occupant of the survey number in question could claim rights in the stream. Very numerous cases requiring measurement are not likely to occur and, moreover, in most cases the map itself will be quite sufficient to adjust all encroachments. The point raised cannot affect the suitability of the rule proposed.

4. Next it is stated that, as a rule, the minor jungle streams are included in one or other of the adjoining survey number and that the occupant of the survey number in

which it has not been included asserts equal rights with the occupant of the other survey number. To this I can only state that, at the time of measurement, the survey numbers were measured according to the showing of the parties interested, as to enjoyment, and any dispute would have been at once taken up for settlement. Generally in such cases, unless the stream is a very deep and marked one, enjoyment by one or other of the parties can be shown. It appears to me very late in the day to allow disputes to be reopened.

5. Beyond the above the Deputy Commissioner makes no objections to the proposed Rules.

6. As regards the question which is now raised in your letter under reply, as to why the streams and channels, in all such cases, should not be excluded from the holding and treated as reserved land, I can only state that, in my opinion, apart from the inconvenience and in some cases unfairness to the raiyats, the magnitude of the operation and the increase of demarcation would be prohibitive.

No. 6120-28—R. F. 25-97, DATED BANGALORE, 2ND MARCH 1899.

ORDER THEREON.—The draft Rules proposed by the Survey Superintendent are sanctioned.

2. The following Notification will be published in the *Mysore Gazette*:—

*Notification No. 6129—R. F. 25-97, dated 2nd March* 1899.

In exercise of the powers conferred by clause *(d)* of Section 233 of the Land Revenue Code, the Government of Mysore are pleased to make the following Rule to be read as Rule XIII A of the Rules under the Land Revenue Code, published under Notification No. 150, dated 22nd July 1890:—

Right to trees on the banks and in the beds of streams included in, and forming parts of, occupied survey numbers.

XIII A. (1) If trees other than sandal or trees specially reserved under Section 42 of the Land Revenue Code, grow upon the banks or dry bed of a stream included in an occupied survey number, they belong to the occupant.

(2) When a stream forms the boundary of an occupied survey number, the occupant should be allowed the benefit of the trees on the area recorded in the Survey Registers, all beyond it being considered the property of Government subject to the provisions of the Land Revenue Code regarding alluvion. (Sections 61 and 62.)

READ—

Letter No. 556, dated 24th November 1898, from the Deputy Commissioner of Bangalore district, forwarding for orders a reference from the Amildar of Nelamangala taluk, No. 200, dated 22nd September 1898, soliciting instructions on certain points connected with the orders contained in Government Proceedings No. 8325-33—R. F. 62-97, dated 9th March 1898, which prescribed certain alterations in Village Accounts Nos. 3, 7, 10 & 11, and Revenue Returns Serial Nos. 24, 28 and 29.

No. 6381-5—R. F. 62-97, DATED BANGALORE, 11TH MARCH 1899.

ORDER THEREON.—The Deputy Commissioner is informed that the Revenue Return Serial No. 67 (Population) has not been dealt with by the Proceedings of 9th March 1898 above cited and remains unaffected thereby. It will continue to show the figures furnished by the Decennial Census last preceding and indicate by general remarks and figures, in the column provided for the purpose, the

extent of emigration and immigration which may have since taken place as far as this may be known to local officers. It is an account to be prepared in the Taluk Cutcherry based upon the Decennial Census, and with a regard only to any territorial changes which may have subsequently taken place. Thus, if the population of a taluk were 40,000 by the Census of 1891, and if, between 1891 and 1898, the taluk received an addition of a number of villages containing a population of 5,000 by the same Census, and it gave away some other villages with a population numbering 3,500 by the same Census, then the Revenue Return No. 67 for 1898 will show (40,000 × 5,000—3,500=) 41,500 as the population of the taluk in 1898 according to the Census of 1891, besides containing any remarks on emigration and immigration which there may be to make. The return is not intended to show the actual population of 1898, and has no connection with the Kaneshumari Account No. 11, which is essentially a village account to be prepared by the shanbhog under existing orders every year.

2. The population to be entered in the Village Khaneshumari Account No. 11 is the population actually present in the year to which the account relates. In the year of the Decennial Census it will agree with the results of that Census. For the next and subsequent years it will show the population as altered by deductions to be made on account of deaths and permanent departures, and by additions to be made on account of births and permanent arrivals, the births and deaths being ascertained by reference to the Village Mortuary Registers, and the arrivals and departures being ascertained by the shanbhog and the patel to the best of their ability and local knowledge. These figures may not be very accurate; but the more they approximate to the facts which will be accurately ascertained by the ensuing Decennial Census, the greater the credit which they will reflect on the shanbhog and the patel concerned. It is a mistake to repeat the Census figures in the Village Account No. 11 year after year without regard to subsequent changes. The time of the year when this account should be prepared is prescribed in the instructions relating to that account in Appendix A to the Rules under the Land Revenue Code, and this will hold good till altered.

3. The Appendices I and II relating to channels and tanks, prescribed at para 14 of the Proceedings of 9th March 1898, being Village Accounts, should furnish the figures which relate only to the village to which the accounts belong. If a tank or river channel irrigates lands situated in two or more villages, the accounts of a village should show the satistics only of those portions of the irrigable area and of the occupied area which lie in that village, the entire extent irrigable and occupied under the same work in all the villages irrigated thereby being ascertained only by a compilation of accounts in the Taluk Cutcherry. The Deputy Commissioner should explain this clearly to the taluk officials.

4. The Amildar's suggestion that provision may be made in connection with Revenue Serial No. 28 for information relating to river channels similar to that which has been ordered for tanks at para 25 of the Proceedings of 9th March 1898 is good and will be adopted in orders which will be separately issued.

5. So long as the particulars prescribed at para 3 of the Proceedings of 9th March 1898 are available in the Khaneshumari Account No. 11 of a village, it matters little whether they are written at foot of the statement where space may be available or on separate paper for want of such space.

6. The last point raised by the Amildar is disposed of by explaining that the holders and share-holders to be counted for the statements prescribed at para 15 of the Proceedings of 9th March 1898 are only those whose names are registered in the Village Accounts. This is clear from the headings of the columns themselves and the instructions given for preparing the statements.

The Deputy Commissioners of other Districts, for information and guidance.

No. 6389-96—R. F. 62-97, DATED BANGALORE, 11TH MARCH 1899.

ORDER.—At para 25 of Government Proceedings No. 8325-33—R. F. 62-97, dated 9th March 1898, a form was prescribed in which information relating to tanks should be furnished in supersession of certain columns in the form of Revenue Return Serial No. 28. It is now ordered that similar information in regard to channels and irrigation wells should be furnished respectively in the forms given here below :—

*For Channels*

| Name. | From what river or *tank | No of months irrigating. | Length in miles. | Atchkat. | | Occupied. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|

*NOTE.—This is not intended for subsidiary or distribution channels drawn from a tank. In such cases, the area irrigated thereby will form part of the tank atchkat itself. It is intended for those rare cases, if any, in which a channel is drawn from a reservoir and has a separate atchkat of its own.

No. 3039-47—R. 972, DATED BANGALORE, 20TH SEPTEMBER 1897.

ORDER THEREON.—The purport of the replies read above and the observations of Government thereon are given hereunder in juxta-position.

| Purport of Dy. Comrs.' letters. | Observations. |
|---|---|
| *(a) Bangalore District.*—The Deputy Commissioner reports that nearly all the boundary marks in the district have been repaired by employing Measurers to examine and repair, where necessary, the field boundary marks, and by impressing, during his tour of inspection, on the Amildars, shekdars and village officials, the importance of keeping the marks in repair, and that, if any remain unrestored, he hopes to bring them to standard this season. | *(a)* This is very vague. Officers of every grade from the Deputy Commissioner downwards are responsible for their share of work, and it is of primary importance that during the Jamabandi a fair amount of attention and time should be devoted by the Jamabandi officers to the inspection of these boundary marks. Amildars are of course primarily responsible for the state of boundary marks in their taluks. |
| *(b) Kolar District.*—Mr. Rangaswamaiengar, in submitting a copy of the instructions issued by him for the guidance of the taluk officers and their subordinates in the matter of the inspection and restoration of survey boundary marks in the district, states that every endeavour will be made to improve the general condition of the boundary marks, which at present is stated to be not good. In this connection, the Deputy Commissioner suggests the necessity of employing a small temporary establishment to aid the taluk Measurer and hobli shekdars in the prompt completion of the work connected with the bandhs in a few of the heavily worked taluks, but says that he would defer his proposals on this point until some experience is gained of the rate at which the work can be done by the ordinary staff without prejudice to their other duties. | *(b)* The Deputy Commissioner's instructions, it is feared, do not sufficiently emphasize the Amildar's responsibility in this matter. As being primarily responsible for the proper condition of the bandhs, the Amildars should constantly inspect these marks and get the needful done both by village and hobli officials. Amildars found wanting or inattentive to this work must be reported to Government. |

| Purport of Dy. Comrs.' letters. | Observations. |
|---|---|
| *(c) Tumkur District.*—The Deputy Commissioner submits a memorandum containing extracts from the Jamabandi reports received from his Assistant Commissioners as regards the condition of the field boundary marks in the year 1896-97, from which it will be seen that they are generally in good condition. | *(c)* This report is too general and it can only be hoped that the impression reported is not the result of a superficial observation. There ought to be a systematic testing in some of the selected villages and the result reported in a complete form. |
| *(d) Mysore District.*—The Deputy Commissioner, in reporting that the boundary marks are mostly out of order owing to the absence of a system of bandh pahani or inspection enjoined by standing orders and the recording of the same in the register prescribed by the Survey Rules, and that the information given in column 14 of the Village Account No. 7 (Pahani Taktha) as regards the condition of the boundary marks was in several cases found not to be correct, states that he has issued stringent orders to the Amildars to get the bandhs thoroughly repaired within two months and to submit a report of their having done so at the end of that period. He promises a further report on the subject. | *(d)* Much requires to be done in this district, and the Deputy Commissioner must take steady and persistent action to have all the boundary marks brought up to the standard size. |
| *(e) Hassan District.*—The Officiating Deputy Commissioner reports that stringent orders have been issued to the Amildars in the matter this year and that the Jamabandi officers have been requested to see that the work is completed before the close of the year 1896-97 and submit the required report. | *(e)* This is very unsatisfactory. But as there has been a change of Deputy Commissioners, the promised report is awaited. |
| *(f) Shimoga District.*—The Deputy Commissioner, in forwarding for information copies of the reports received from the Jamabandi officers, together with a brief memo of the reports received from the several Amildars in the district showing the progress they have made as regards the systematic inspection of boundary marks in their respective taluks, states that better results will be shown in the year 1896-97, as the attention of the Amildars and the Jamabandi officers has been particularly invited to the Government orders on the subject. | *(f)* The report is as full as the circumstances of the case admitted. But a great deal more of inspection has yet to be done. It is hoped that the Amildars will be impressed with the importance of this work which requires prompt attention and steady perseverance. |
| *(g) Kadur District.*—The late Deputy Commissioner Mr. Sparkes reported as follows:—<br>"That the special attention of all the "Amildars in the district was drawn to the "maintenance of bandhs in the manner re- "quired by the rules. During my recent "tours in the interior of maidan parts, bandhs "in the Kadur taluk were found to be in very "good repair, whereas, those in Chikmagalur "and Tarikere, of even occupied lands, can- "not be said to be in a satisfactory condition. "The Amildars of the latter taluks have been "strictly ordered to have them brought up to "standard before the next jamabandi. With "regard to the malnad taluks, the bandhs of "occupied lands may be said to be in fairly "good condition. Owing to the extensive re- "survey work, the services of the Measurers "could not be freely spared for the bandh "inspection work." | *(g)* This is also a general report and it is hoped that in the year 1896-97 what was needed has been done. A detailed report must, however, be submitted. |

| Purport of Dy. Comrs'. letters. | Observations. |
|---|---|
| *(h) Chitaldrug District.*—The Deputy Commissioner, in describing the procedure adopted by him in bringing up the boundary marks of fields to proper standard, states that 90 per cent of the bandhs in occupied lands and a very large proportion of those in waste lands are now of the standard size and that the remaining bandhs will be brought up to standard probably before the close of the year 1896-97. He further says that the work in this connection will, in his opinion, not be completed till the bandhs in waste lands are all built up with stones so as to avoid the necessity of repairing them from year to year, and that for this purpose he has placed various sums at the disposal of Amildars, under the authority of Government Proceedings No. 7348-9—R. 2453, dated the 14th February 1897. He, however, promises a further report in the matter. | *(h)* It is satisfactory to note that the Deputy Commissioner is personally attending to this matter and it is hoped that ere long all the boundary marks in his district will be brought up to the required standard. |

2. As the present mode of enforcing the duty of maintaining the boundary marks in good order by the taluk and village officials has not been clearly laid down, Government deem it necessary to issue some general rules on the subject. The following Draft Rules are therefore circulated to the Deputy Commissioners and the Superintendent of Revenue Survey with a request that they will submit their opinions thereon :—

I. The shanbhog and patel shall examine all the boundary marks in their respective villages at the time of the field inspection and the shanbhog shall record in the Pahani Register, Village Form No. 7, the condition in which the boundary marks are found.

II. There shall be a second inspection of all the marks found to be out of repair after the lapse of a sufficient time to allow of the repairs to the marks being completed.

III. A further test-inspection of boundary marks shall be made annually in each village by the shekdar assisted, if necessary, by one or two of the taluk gumastas to be deputed for the purpose. The inspection shall be made in the presence of the village officers and of such of the land-holders as may attend. The results of these inspections shall be recorded in column 17 of the Village Form No. 7, "Remarks and signature of the testing officer."

IV. For the purpose of the test-inspection, the number of fields in each village shall be divided into four sections and the fields comprised in one section shall be inspected by the shekdar, assisted, if necessary, by the taluk gumasta in each successive year. Thus, the whole of the bandhs in the village will be completely supervised in a period of four years.

V. The division of the boundary marks of a village into sections shall be made by the Amildar and the division list given to the shekdar.

VI. The inspections by the shekdar shall be careful and thorough.

VII. When the necessary repairs have all been completed, the Amildar or the Deputy Amildar shall prepare and forward to the Deputy Commissioner or to the Assistant Commissioner in charge of the taluk, by a date to be specially fixed by the Deputy Commissioner of each district, a general abstract of the Inspection Registers.

VIII. Amildars, Deputy Amildars, Assistant Commissioners in charge of taluks and Sub-Division Officers will personally examine the boundary marks of some of the numbers of several villages in every taluk as soon as possible after the completion of the second inspection required by Rule II. In the case of taluks which are in the immediate charge of the Deputy Commissioner, that Officer shall mark off several numbers in the village registers for examination by his Sheristadar or other high officer of his establishment.

IX. The results of inspection made under Rule VIII shall be recorded in the same way as in the case of inspections under Rule III.

The following replies from the Deputy Commissioners of Districts and the Superintendent of Revenue Survey in Mysore.

*(1) Letter No. 528, dated 27th October 1897, from the Deputy Commissioner, Bangalore District.*

In reply to para 2 of Government Order No. 3039-47—R. 972 of the 20th September 1897, I beg to state that the rules proposed therein for the annual inspection of "bandhs" (or field boundary marks) are quite practical and will answer the purpose.

*(2) Letter No. 398—375, dated 27th October 1897, from the Deputy Commissioner, Chitaldrug District.*

With reference to Proceedings No. 3039-47—R 972, dated 20th ultimo, has the honor to state that the following may be added to the proposed rules for the inspection of field boundary marks.

"The test inspection by shekdars and gumastas and by Amildars and Deputy Amildars, should not be begun until the patels and shanbhogs on the one hand and the shekdar or gumasta deputed for the purpose, certifies that the boundary marks in occupied numbers and in such other numbers in which the raiyats are bound to maintain them in good order, have been brought up to proper size."

*(3) Letter No. 294, dated 3rd November 1897, from the Superintendent of Revenue Survey in Mysore.*

I have the honor to acknowledge receipt of Government Proceedings Order No. 3039-47—R. 972, dated 20th September 1897, circulating Draft Rules in connection with the proper maintenance and examination of field boundary marks.

2. The Draft Rules now circulated, which, in a great measure, follow the Bombay Rules on the same subject, are, I think, ample. They should be incorporated with the Land Revenue Rules but, pending the revision of those Rules, which I hope will soon engage the attention of Government, the Rules now proposed are all that are required.

3. The Draft Rules as now proposed rightly omit a procedure in the Bombay Rules, which requires, for the first three years after settlement, a test inspection extending to the whole of the lands of each village. This, in the present state of taluk establishments, is a little too much to exact in Mysore.

4. The replies of the various Deputy Commissioners to Government Proceedings No. 5479—R. F. 263-92, dated 12th December 1895, point more or less, to a too general and impractical method of dealing or rather attempting to deal with the important matter under reference. The Deputy Commissioner of Mysore hits the mark when he says that "the boundary marks are out of order owing to the absence of a system of bandh pahani, &c." but immediately afterwards he adds that he has issued stringent orders to the Amildar to get the bandhs repaired within two months. The Deputy Commissioner of Hassan says that the Jamabandi officers have been requested to see "that the work is completed before "the close of the year 1896-97." Orders of a vague and general character, although they may do some slight good, can never take the place of the systematically recurring boundary inspection by the village officers and the necessary test inspections. The only occasion on which orders of a general character are likely to do much good is when an inspection of boundary marks is about to be made and land-holders are duly warned to have their boundary marks in proper order before inspection.

5. The deterioration of the boundary marks in this Province is not due to the want of any ruling in connection with their repair and maintenance but to the deliberate evasion of their duties and responsibilities by the shanbhog and patel, who have no fear of test inspection. I do not think that I am wrong in saying that punishment of village officers for crimes of omission in boundary mark inspection are rare. I have frequently seen boundary marks noted both by the original inspectors (shanbhog and patel) and also by the Test Inspector as out of repair, but there the matter ends and no result is arrived at.

6. I constantly receive applications for the original Field Books, to enable the Measurer, temporarily employed in the taluk, to correct or renew some demarcation which has probably entirely disappeared and, in the interests of the demarcation, I have very grudgingly supplied these original records, which it would be impossible to replace if lost or tampered with. The Measurer puts matters right so far, and the shanbhog and patel escape unpunished although it has been entirely owing to their neglect, year after year that the demarcation disappeared.

7. I have made the preceding remarks to emphasize my opinion that the inspections, both original and by way of test, must be most minute, number by number, and mark by mark, and that the village officers must be taught by such punishment as their neglect of duty deserves, that the annual inspection of boundary marks must be thorough and complete. I am no advocate for harsh and unduly severe punishment, but I know that the present deteriorated condition of the boundary marks in Mysore is due to want of test inspection and, even when mistakes are discovered, to their being allowed to remain unpunished.

*(4) Letter No. 314, dated 8th November 1897, from the Superintendent of Revenue Survey in Mysore.*

I have the honor, in continuation of my letter No. 294 of the 3rd instant, on the subject of the proper maintenance of boundary marks, as dealt with in Government Proceedings No. 3039-47—R. 472, dated 20th September 1897, to forward copy of letter and accompanying form of register from the Deputy Superintendent, Mysore Revenue Survey, on the same subject.

2. The Deputy Superintendent notices the same omission which occurred to me, *viz.*, the absence of a subsidiary register to Village Form No. 7, which might be called Part II of Form No. 7 in which to show boundary marks missing or out of repair at first inspection.

3. I left this matter for consideration when the Land Revenue Rules come to be revised. The Deputy Superintendent recommends the alteration of the Draft Rules at once. I leave the question for the consideration of Government.

ENCLOSURE.

*Letter No. 360, dated 4th November 1897, from the Deputy Superintendent, Mysore Revenue Survey.*

With reference to your Memo No. 266, dated 27th ultimo, forwarding for my opinion, Government Proceedings No. 3039-47—R. 972, containing Draft Rules regarding proper maintenance and examination of field boundary marks, I have the honor to offer the following remarks.

2. The proposed rules are practically the same, with some modifications, as those now in force, and prescribed in Appendix B, published in page 55 of the Survey Manual of 1879.

3. These rules enjoin that the results of first inspection of survey numbers in which boundary marks are either missing or out of repairs, should be embodied in a separate field register in the form therein laid down, showing in detail the direction and particulars of such marks. But in the proposed rules this register has been omitted.

4. In my opinion this register with some modifications should be maintained, as subsidiary to Village Form No. 7 (Pahani Register) as it will enable the khatadars and inspecting officers to identify, without difficulty, the particular marks shown at the first inspection as missing or requiring repairs, and also to see that they are properly repaired.

5. With this view, the following additions may, I think, be made at the end of Rules I, II and III now proposed.

Rule I—

"And prepare a Subsidiary Register in the form attached hereto, showing survey "numbers in which boundary marks are found missing or out of repairs."

Rule II—

"And the result recorded against each number in the Subsidiary Register prescrib-"ed in Rule I, as to whether all the defects found during first inspection have been "remedied."

Rule III—

"And also in the Subsidiary Register prescribed in Rule I."

6. With regard to proposed Rule IV, I do not think it practicable for the shekdar, even with the assistance of taluk gumastas, to inspect all the numbers, in all the villages of his hobli, in a period of four years, as contemplated, unless he is employed solely on this work throughout the year, which appears to be not possible. Nevertheless, he will no doubt be able and must be made to inspect not less than 20 per cent of the work of the village officers, in such sections of villages in his hobli as may be selected by the Amildar.

7. In the proposed Rule VIII, the amount of test work required to be done by the Deputy Amildar, Amildar or Assistant Commissioner, should, I think, be fixed. Perhaps 5 to 10 per cent, if properly distributed, may be sufficient.

*Subsidiary Register showing Survey Numbers in which field boundary marks are missing or out of repair in the village of Hobli Taluk for the year*

*(5) Letter No. 489, dated 18th November 1897, from the Deputy Commissioner, Tumkur District.*

With reference to Government Order No. 3039-47—R. 972, dated 20th September 1897, calling for opinion on the Draft Rules in connection with the proper maintenance and examination of field boundary marks, I have the honor to state that the proposed rules will do very well. In Rules 3 and 4, I would add the words "and the taluk mojamdar" after the words "taluk gumasta."

*(6) Docket No. 43, dated 29th November 1897, from the Deputy Commissioner, Kolar District.*

Government Proceedings No. 3039-47—R. 972, dated 20th September 1897, inviting opinion on the Draft Rules in connection with the proper maintenance and examination of field boundary marks.

Has the honor to submit herewith a Memo giving the opinion of the undersigned on the Rules referred to in the above.

MEMO.

Opinion of the Deputy Commissioner, Kolar district, on the Draft Rules in connection with the proper maintenance and examination of field boundary marks.

Rule I—

The shanbhog and patel shall examine all the boundary marks in their respective villages at the time of the field inspection and the shanbhog shall record in the Pahani Register, Village Form No. 7, the condition in which the boundary marks are found.

*Opinion of the Deputy Commissioner.*

This is now done but only perfunctorily. It was to ensure greater accuracy that in my Circular Order the shekdar or Measurer was directed to make a detailed inspection (*vide* paras 1 and 4 of my Circular, copy of which was submitted with my letter No. 3306—809, dated 26th February 1897).

Rule II—

There shall be a second inspection of all the marks found to be out of repair after the lapse of a sufficient time to allow of the repairs to the marks being completed.

This rule is not sufficiently precise. Unless the village officials have, soon after preparation of Pahani as per Rule I, given oral or written notice to the khatadar for repairs, this second inspection would be useless. In this respect the responsibility of the shanbhog and patel should be distinctly affirmed and time fixed for the second inspection.

**Rule III—**

**A further test inspection of boundary marks shall be made annually in each village by the shekdar, assisted, if necessary, by one or two of the taluk gumastas to be deputed for the purpose. The inspection shall be made in the presence of the village officers and of such of the land-holders as may attend. The results of these inspections shall be recorded in column 17 of the Village Form No. 7 "Remarks and signature of the testing officer."**

*Opinion of the Deputy Commissioner.*

This rule also is in force now (*vide* Rule IV of the Rules for the inspection, maintenance and repair of boundary marks published at page 55 of Survey Manual of 1879); only its strict enforcement is required. Land-holders as a rule do not attend shekdar's inspection and there is no means of enforcing it. It is enough in my opinion to state that the village officials should attend the shekdar and carry out his orders, and that the shekdar should report to taluk all cases in which bandhs were wrongly stated by the village officials to be in good order for severe notice being taken of the conduct of the village officials in the matter. It is certainly an advantage to depute taluk gumastas. But as the period in question will be the time for taluk jamabandi, it is doubtful whether the Amildar can spare them with due regard to work. It will therefore be preferable that such inspection should be made before the pahani by **shanbhogs**, *i. e.*, from **May** to September.

**Rule IV—**

**For the purpose of the test inspection, the number of fields in each village shall be divided into four sections and the fields comprised in one section shall be inspected by the shekdar, assisted, if necessary, by the taluk gumastas in each successive year: thus, the whole of the bandhs in the village will be completely supervised in a period of four years.**

This is a good rule, as it is desirable that the work should be commenced in all villages though only a section of it might be completed in each year. But as it would be impossible for each shekdar to complete such sectional inspection even in all the villages in their circle, it is desirable to divide a shekdar's charge between him and the taluk gumastas, each attending to a fair number of fields in each year.

**Rule V—**

**The division of the boundary marks of a village into sections shall be made by the Amildar and the division list given to the shekdar.**

Yes. The list should be recorded in the taluk and given to the officials deputed for such inspection.

**Rule VI—**

**The inspection by the shekdar shall be careful and thorough.**

After the word "Shekdar" we may add "or taluk gumastas or other officials."

**Rule VII—**

**When the necessary repairs have all been completed, the Amildar or the Deputy Amildar shall prepare and forward to the Deputy Commissioner or to the Assistant Commissioner in charge of the taluk, by a date to be specially fixed by the Deputy Commissioner of each district, a general abstract of the Inspection Registers.**

It may be stated that Amildar, Deputy Amildar or Taluk Sheristadar should supervise work done by shekdar or gumasta and send monthly report of number of villages visited, number of bandhs discovered to be out of order, and number set right. It will be too long to wait till the whole work is completed.

**Rule VIII—**

**Amildars, Deputy Amildars, Assistant Commissioners in charge of taluks and Sub-Division Officers will personally examine the boundary marks of some of the numbers of several villages in every taluk as soon as possible after the completion of the second inspection required by Rule II. In the case of taluks, which are in the immediate charge of the Deputy Commissioner, that officer shall mark off several numbers in the village registers for examination by his Sheristadar or other high officer of his establishment.**

This may be done, subject to the remarks on the previous rules.

| Rule IX— | *Opinion of the Deputy Commissioner.* |
|---|---|
| The results of inspection made under Rule VIII shall be recorded in the same way as in the case of inspections under Rule III. | No remarks. |

*(7) Letter No. 651, dated 30th November 1897, from the Deputy Commissioner, Mysore District.*

With reference to Government Proceedings No. 3039-47—R. 972, dated 20th September 1897, circulating for opinion Draft Rules in connection with the proper maintenance and examination of field boundary marks, I have the honor to state that the proposed rules would seem to meet all requirements and may, in my opinion, be adopted.

I beg, however, to suggest the addition of the following at the end of Rule II of the Draft "and should any repairs remain unexecuted, the omission should forthwith be "reported to the Amildar or Deputy Amildar with a view to the responsibility of the de-"faulting land-holders being duly enforced according to rules."

*(8) Letter No. 443, dated 27th December 1897, from the Deputy Commissioner, Kadur District.*

With reference to Government Order No. 3039-47—R. 972, dated 20th September 1897, (received 25th October 1897) and subsequent reminders, calling for opinion as to the adoption of the Rules therein embodied relative to the maintenance of survey boundary marks in the Province, I have the honor to state that before offering an opinion on the question under reference, a few words in respect of the statistics of the marks themselves appear necessary, and the figures noted below exhibit certain particulars in that connection:—

| Taluks. | Hoblies. | Government villages. | Total number of survey numbers in Government villages. |
|---|---|---|---|
| 1. Tarikere ... ... ... | 6 | 240 | 15,006 |
| 2. Koppa, including Yedahalli ... ... | 9 | 170 | 16,827 |
| 3. Chikmagalur .. ... ... | 8 | 211 | 28,135 |
| 4. Kadur ... ... ... | 6 | 317 | 26,066 |
| 5. Mudgere ... ... ... | 5 | 136 | 16,430 |
| Total ... | 34 | 1,074 | 102,464 |

Thus there are in the district over a hundred thousand independent survey numbers, comprising lands of all descriptions and on an average a shekdar has for his share 32 villages with 3,000 survey numbers. It may be assumed for purposes of the shekdar's inspection that he has 3,000 by 4=12,000 bandhs (earthen mounds), *i. e.*, exclusive of the boundary marks which are common to the numbers proper and those contiguous or adjoining on the four directions, which often number as many as above.

2. Assuming also that, save in cases of exceptionally large villages, the shekdar does the test inspection of boundary marks unassisted by taluk gumastas, his work practically involves a thorough inspection of the earthen bandhs as well as stone shishts of *all* the survey numbers falling to his share. These again, vary in proportions according as the village or villages have the minimum of 50 numbers and under, or the maximum of 200 and above as may be inferred from the proportions of survey numbers arrived at, and shown below:—

| | No. of villages. | Proportion to the total No. of villages per cent. |
|---|---|---|
| 1. Villages of and below 50 survey numbers ... | 408 | 38 |
| 2. „ exceeding 50 and under 100... ... | 309 | 29 |
| 3. „ „ 100 and „ 200 .. ... | 233 | 22 |
| 4. „ with above 200 numbers .. ... | 124 | 11 |
| Total ... | 1,074 | 100 |

*Note.*—The highest proportion is in Class 1, the other classes falling by about 10 per cent more or less.

3. It may also be noted here that the following descriptions of land are those in respect of which the bandhs have now to be dealt with :—

*(a)* Occupied numbers.

*(b)* Hulbanni and other unassessed and unoccupied kharab numbers.

*(c)* Unoccupied assessed waste numbers.

*(d)* Gomal (free pasture) numbers.

4. The extent of *occupied* numbers may be roughly put down at six hundred thousand acres or nearly a *third* of the total area for the district.

5. The duty of maintaining the marks of classes *(a)* and *(d)* devolves upon the raiyat, while that of *(b)* and *(c)* devolves on Government, for which latter, Rs. 5 per 1,000 acres or 5 per cent of the Hulbanni realizations is available at the disposal of the Deputy Commissioner, a higher amount not exceeding 10 per cent having been allowed by Government in exceptional cases.

6. As regards the agency to be employed Rules I and II make it obligatory with the village officials (shanbhog and patel) to examine the boundary marks, field by field, and report by means of the Pahani Register the condition of the bandhs in the village.

7. In reference to the test-inspection enjoined by Rules III and IV (by which it is understood that the shekdar has to inspect ¼ or 25 per cent of the survey numbers in the village in each successive year) the question arises whether, in addition to the other important and diverse duties already imposed upon the shekdar such as—

*(a)* Making local enquiries in matters of darkhasts for lands.

*(b)* Conducting revenue sales of lands at different places in his hobli.

*(c)* Attending to revenue collections.

*(d)* Phoding or sub-dividing survey numbers for which applications are frequently received, and attending to numerous other matters referred to him by the Amildar from time to time, all these being such as could be performed only during the dry season—

he can along with the above duties be in fairness expected to thoroughly test even the 25 per cent as indicated in the Rule, when it is remembered that in most malnad jungle tracts (coffee and cardamom numbers also taken into account) boundary marks are nearly all of them either not easily accessible or identifiable, and are moreover liable to be washed away during monsoons, while this portion of the shekdar's work involves in many cases :—

(1) Touching up

(2) Repairing, and

(3) Replacing or re-erecting the boundary marks where Government waste lands are concerned.

It appears to me that, with the addition of his duties proposed under the hobli scheme now under consideration of Government, the work of inspection in the manner required cannot be systematically and satisfactorily performed by a shekdar without detriment to his other legitimate and important duties expected of him as the only official between the Taluk Amildar and the Village Agency. On this point I append extract from the report of the General Assistant Commissioner, dated 19th November 1897.

" * * Considering the multifarious duties which a shekdar is re-
" quired to perform, it can hardly be expected that he can find enough of time to devote
" to this work. In malnad tracts, a shekdar can never be able to inspect the bandhs of
" even 1—10th of his charge in a year, along with his other duties."

8. With a view to meet this difficulty and secure satisfactory results, combined with efficiency, I would respectfully venture to suggest at least for this malnad district, the expediency of temporarily attaching to each taluk a Measurer and a peon to be employed *exclusively* on a systematic and thorough inspection of all the bandhs and stone marks in the taluk; and the Measurer's duties, if the proposal is sanctioned, will be :—

*Firstly* to inspect the boundary marks *field by field.*

*Secondly* to render to the Amildar *weekly* a list, in duplicate, of all such survey numbers as require "touching up," "repair," or "re-erecting" boundary marks as the case may be. This will enable the Amildar to at once have the necessary work being done to completion through the shekdar, if the bandhs, &c., are on *occupied* or *gomal* lands and to assess and levy the cost from the raiyats concerned; and in the case of Government waste lands to get the necessary work done at the cost of Government from the imprest of Rs. 30 which every Amildar holds for the purpose.

9. By this means the Amildar will be further enabled in the course of his annual inspection to satisfy himself that no bandh or stone work in a given division of the village is left uninspected at the end of the year; and the measure will also greatly facilitate the inspection work by Amildars and Jamabandi officers, at the same time maintain to a great extent and as far as seems feasible the responsibility of shekdars in connection with this important portion of their duties. It may be safely assumed that under the arrangement above proposed, all the bandhs, &c., in the district will have been brought up to the required standard of thorough repair by the end of the 4th year as required in Rule IV or even earlier, allowance being made, however, for a small percentage of the marks in jungle tracts and on wet fields being either washed away or getting out of repair in rainy season.

10. Seeing that the duties described in Rules III and IV, if imposed on shekdars in addition to their already multifarious duties, would almost necessarily be done in a perfunctory manner, I am of opinion that the special expenditure involved in deputing Measurers to do the work in the manner above described would be a judicious expenditure.

11. If the above suggestions meet with approval by Government, I would propose the addition of the words "or Measurer" at the end of Rule V and the amendment of Rule VI, so far as respects the employment of Measurers in this (mahud) district. In connection with the other Draft Rules, I append also the observations of the Extra Assistant Commissioner in which I concur.

"With reference to Rule IV regarding the division of fields of each village to four "sections, I beg to submit that it may be adopted in the case of villages containing 250 "survey numbers and above. The pahani of a village having 100 survey numbers and "below may be done within the year by the patel and shanbhog. In the case of those "exceeding 100 and below 250 survey numbers the completion of the pahani may be limited to two years."

"The general abstract contemplated in Rule VII is, it is presumed, to be the form "annexed to the Rules in Appendix B, of the Survey Manual. At present the above pro"cedure is not generally attended to. This register will be of great help to the Amildar in "conducting prosecution of Revenue delinquents, such as raiyats encroaching upon Govern"ment lands, taking Government water without permission for wet crops in dry lands, "mutilating the boundary marks, not leaving the bandh schists, &c. The above statement, "after verification by the Amildar, may be placed before the Huzur Jamabandi officer, "who, when he begins the settlement, can form an idea as to how the pahani work has been "conducted by the Taluk authorities."

*(9) Letter No. 982—811, dated 28th February 1898, from the Deputy Commissioner, Shimoga District.*

With reference to Government Proceedings No. 3039-47—R. 972, dated 20th September 1897, I beg to submit the following opinion concerning the proposed rules for the inspection of boundary marks.

2. After the first inspection, the patel and shanbhog should be required by rule to call upon owners of lands, where marks are found to be out of orders, to repair them forthwith; and this should be done by a statement somewhat as follows:—

Land No. 31, in occupation of A. 3 marks out of repair.

| | | | |
|---|---|---|---|
| No. 32, | do | B. 2 marks | do. |
| No. 56, | do | C. 5 marks | do. |

These men have been called upon to repair them within a week.

Signed A. B's mark C's mark witness.

3. The rainy season is the time for repairs and so the 2nd inspection may be carried out about the close thereof. December may be laid down in Rule II, as the time for it.

4. I would suggest the addition of a provision like the following after Rule II.

'After the second inspection the shanbhog shall make up a list of all boundary marks not repaired, and send it up to the Amildar through the shekdar of the hobli. The Amildar may impose a fine not exceeding one rupee for each of the marks remaining unrepaired and order the repairs to be carried out of the proceeds. The Deputy Commissioner may set aside this order if objected to within a month, but otherwise it shall be final.'

5. I think it would be better to require that each village should be tested every alternate year by the shekdar, the Amildar selecting the numbers in such a manner as to ensure inspection of every occupied number once in six, and unoccupied number once in four years.

6. **Under Rule 7, I think the form may be fixed somewhat as follows:—**

| Village. | No. of lands. | | No. of marks out of repair at first inspection. | |
|---|---|---|---|---|
| | Occupied | Unoccupied | Occupied | Unoccupied |

| Marks not repaired at second inspection. | | Remarks. |
|---|---|---|
| Occupied | Unoccupied | (Showing steps taken to repair these last, &c.) |

7. Under Rule VIII, I would add Jamabandi officers to the list of the officers expected to inspect boundary marks.

8. I would suggest also the mention of the maintenance of the boundary line prescribed between the fields at the time of inspection.

9. The Sub-Division Officer of Sagar (Mr. H. Ramanujaiengar) suggests that Village Account Form No. 7 does not afford room enough, and that the form prescribed on page 56 of the Survey Manual may be retained as an enclosure to it. I fear this would throw an unnecessary amount of work on shanbhogs and that sufficient information may be entered in Form 7 by allowing a little more space than usual for it in column 14 of the form. He is against granting power to fine but advocates that the cost of repairing "bandhs" of raiyats who neglect them may be allowed to be recovered by "summary process" which he explains as "doing away with the notices and formalities prescribed for revenue collections," the latter being too irksome for such trivial sums.

10. Mr. Seshagiri Rao suggests that Rule VIII should be so framed as to ensure all boundary marks being inspected once every eight years by Amildars and Deputy Amildars, and Mr. Seshadraiengar advocates the grant of power to Amildars to fine raiyats who neglect to repair boundary marks. With the safeguards I have proposed of written notice and appeal to Deputy Commissioners, I think the grant of a power to fine would work beneficially. A rule requiring inspection of *all* boundary marks once in eight years by Amildars would, I am inclined to think, be found impracticable to carry out, and does not seem to be really needed.

11. In conclusion, I beg to apologise for the delay in sending this reply, which was chiefly due to my having kept it by to be sent after I had finished part of the jamabandi, and having lost sight of it for some time owing to other work taking up my time.

*(10) Letter No. 1075, dated 23rd April 1898, from the Deputy Commissioner, Hassan District.*

With reference to Government Proceedings No. 3039-47—R. 972, dated 20th September 1897, circulating Draft Rules in connection with the proper maintenance and examination of field boundary marks and calling for an expression of my opinion on the same, I have the honor to state as follows:—

The Draft Rules as framed only lays down the procedure to be adopted by the different officers (Village, Taluk and District officers) in examining the state of the boundary marks. So far the proposed Rules answer the purpose, but, unless the Amildars are empowered to summarily enforce the same, all the work will have to be undertaken without much effect.

2. I therefore consider it necessary to make it incumbent upon the raiyats to complete the repairs of the bandhs before a fixed time, *i. e.*, end of May each year, so that the pahani may be commenced in June. Soon after the first pahani is finished, the village officials, shanbhog and patel, should bring to the notice of the Amildar the names, &c., of such of the land-holders as may not have attended to this work, so that the Amildar, on receipt of the report, may, without any reference to the Deputy Commissioner, cause a villagewar notice to be prepared, mentioning the names, &c., of the defaulting land-holders and calling upon them to repair the same before the second pahani is conducted, and order the same to be stuck up, for the information of the parties concerned, to the wall of the village choultry, the fact of the issue of such notice being, however, further published by beat of "tom-tom".

3. If the defaulting land-holders should be found to have neglected their duty at the test inspection (under Rule IV) by the Taluk officers, the Amildar should be empowered to get the bandhs repaired at once and recover from the defaulting land-holders, as a revenue demand, not less than 8 (eight) annas for each bandh or, when the repair cost exceeds 8 annas, the actual cost of repair not exceeding 12 (twelve) annas for each bandh.

4. The present rule requiring the simple cost or repairing the bandhs to be recovered has had no effect upon recalcitrant land-holders, more especially as they are aware that this power can only be exercised by the Deputy Commissioner under Section 132 of the Revenue Code.

The imprest of Rs. 30 which the Amildars are at present given, to execute this work, is very inadequate. It should be increased to Rs. 200.

No. 6520 28—R. F. 32-97, DATED BANGALORE, 17TH MARCH 1899.

ORDER THEREON.—After carefully considering the suggestions made by the Deputy Commissioners and the Superintendent of Revenue Survey in their letters read above regarding the Draft Rules and adopting some of the suggestions, the Government are pleased to prescribe the following Rules:—

I. The shanbhog and patel shall examine all the boundary marks in their respective villages at the time of the field inspection and the shanbhog shall record in the Pahani Register, Village Form No. 7, the condition in which the boundary marks are found.

II. After the preparation of the Pahani Register as per Rule I, it shall be incumbent upon the shanbhog and patel to give due notice to the khatadars of lands whose boundary marks are out of repair to get the said marks repaired within a reasonable time, after the lapse of which there shall be a second inspection of those marks; and should any repairs remain unexecuted, the omission should forthwith be reported to the Amildar or Deputy Amildar with a view to the responsibility of the defaulting land-holders being duly enforced according to rules.

III. A further test inspection of boundary marks shall be made annually in each village by the shekdar, and one or two taluk officials deputed for the purpose. In the malnad districts, the Measurer also may be deputed for test inspection. The inspection shall be made in the presence of the village officers and of such of the land-holders as may attend. The results of these inspections shall be recorded in column 17 of the Village Form No. 7, "Remarks and signature of testing officer."

IV. For the purpose of the test inspection, mentioned above, the number of villages in a shekdar's charge shall be distributed among the shekdar, the taluk officials and the Measurer, as the case may be, who shall each attend to a fair number of fields in each year. The number of fields in each village shall be divided into four sections, one of which shall be completely inspected once in four years by the official deputed for the purpose.

V. The division of the boundary marks of a village into sections as well as the distribution of the villages in a shekdar's charge among the officials told off for test-inspection should be made by the Amildar and lists thereof placed in the records of the Taluk Cutcherry, copies being given to the shekdar or Measurer or other officials concerned.

VI. The test inspection prescribed above shall be careful and thorough.

VII. The Amildar, Deputy Amildar or the Taluk Sheristadar shall supervise the work done by the shekdar, taluk official or Measurer and send a monthly report of the number of villages visited, the number of bandhs found to be out of order and the number set right, to the Deputy Commissioner, Sub-Division Officer or to the Assistant Commissioner in charge of the taluk.

**VIII.** Amildars, Deputy Amildars, Assistant Commissioners in charge of Taluks, Jamabandi Officers and Sub-Division Officers shall personally examine the boundary marks of some of the lands in a few villages in every taluk as soon as possible after the completion of the second inspection required by Rule II. In the case of taluks under the immediate charge of the Deputy Commissioner, that Officer shall mark off a few survey numbers in the village registers in view to their examination by his Sheristadar or other high official of his establishment.

**IX.** The results of inspection made under Rule VIII shall be recorded in the same way as in the case of inspections under Rule III.

2. Government agree with the Superintendent of Revenue Survey that the present deteriorated condition of boundary marks is due to want of test inspection, and to mistakes being allowed to remain unpunished even when they are discovered. In order, therefore, that the work required by the rules above laid down may be carried out strictly and thoroughly, the village and taluk officials must be made clearly to understand that the inspections, both original and by way of test, must be most minute, number by number and mark by mark, and that such of the officials as are found to evade this work will render themselves liable to severe punishment.

3. It will be observed from Rule III that in the malnad districts, Measurers are included among the officials to be deputed for test inspection, as suggested by the Deputy Commissioner of Kadur, who is requested to report whether he wants additional Measurers for the purpose or will get the work done by those already employed in his district. The Deputy Commissioners of Hassan and Shimoga are also requested to report on this point.

4. Government further direct that in the annual Administration Reports submitted by the Deputy Commissioners a para be specially devoted to the subject of bandhs, giving full information as to their inspection, number inspected, officers who inspected and tested them, and such other particulars as are required in the form attached hereto.

READ THE FOLLOWING —

Letter No. 731, dated 24th February 1899, from the Inspector General of Registration in Mysore:—

I have the honor to state that from a reference lately made to me by the District Registrar of Mysore on some question connected with the Registration Act, it has incidentally come to my notice that a certain document presented for registration in the Sub-Registry Office at T. Narsipur on 17th August 1893 having been found to be insufficiently stamped, it was impounded by the Sub-Registrar and forwarded on the same date to the Deputy Commissioner as Collector of Stamps for adjudication and recovery of the proper stamp duty and penalty, under the provisions of the Indian Stamp Act. This document, sent to the Collector in August 1893, was received back by the Sub-Registrar with the necessary certificate of payment of duty and penalty only on the 2nd May 1898, that is, after a delay of about five years; but as, under Section 34 of the Indian Registration Act no document could be registered unless the admission of execution by the executant is recorded thereon within eight months from the date of execution, the registration of the said document had to be refused as no such admission had been endorsed thereon at the time of its transmission to the Collector of Stamps. It could easily be imagined how much this long delay and the consequent refusal of registration should have inconvenienced the parties to the document.

2. However, in view to ascertain whether there was any similar delay in the disposal of such documents in the other districts, I called upon the several District Registrars to furnish me with a statement showing the number of documents impounded and forwarded to the Collector of Stamps and the period during which they were pending disposal. I have received the required statements from the Registrars of all the districts: and from these I am really very much surprised to find that in the districts of Bangalore, Mysore, Kolar and Hassan many documents of this kind are pending with the Collector for periods varying from 3 to 10 years as will be observed from the four statements* herewith submitted in original for the information of Government. Such long delays are much to be regretted. They cause serious inconvenience and trouble to the parties concerned and I therefore beg to request that the Government will be pleased to issue strict instructions to the several Deputy Commissioners to dispose of such documents in future with as little delay as practicable. I would also issue a departmental circular to the several District Registrars to transmit to this office along with their monthly returns a list of such impounded documents pending in the Revenue Department.

* To be obligingly returned.

No. 6603-11—R. 3091, DATED BANGALORE, 21ST MARCH 1899.

ORDER THEREON.—The letter read above discloses a most unsatisfactory state of affairs and the Government view with displeasure the delays noticed by the Inspector General of Registration in the adjudication of references under the Stamp Act, made by the Sub-Registrars to the Deputy Commissioners of Districts. The statements received with the Inspector General's letter show that in some of the districts, especially Bangalore, Mysore and Hassan, documents impounded and forwarded to the Deputy Commissioners are lying undisposed of for several years. The Deputy Commissioners concerned are directed to dispose of the pending documents forthwith and to report having done so to Government within a month from the date of receipt of these Proceedings, intimating, at the same time, the names of the Deputy Commissioners by whom the documents in question were received, and the cause of delay in their disposal. It is necessary to take some departmental notice of the conduct of the subordinates, whose duty it was to bring to the notice of their official superiors the long pendency of these references. It is very much to be regretted that the delays referred to above were not noticed earlier. This is probably due to the fact that the references in question which were pending in the Revenue Branch of the Deputy Commissioner's office did not come within the scope of the periodical inspections made by the Head of the Registration Department. To prevent, however, a recurrence of such delays, the Government approve of the proposal of the Inspector General to issue a Rule requiring each Sub-Registrar to submit through the District Registrar a quarterly statement of the documents pending before the Deputy Commissioners of districts for adjudication of stamp duty. On a review of such returns, the Inspector General will report for the orders of Government cases in the disposal of which any unusual delay may be noticed.

2. It seems to Government that when once a document has been presented or accepted for registration, pending a reference to the Collector, the person presenting the document is not responsible for any subsequent delay on the part of the Collector in adjudicating upon the question of stamp referred to him; and in such a case, there can be no limitation of time within which the Registering Officer is bound to complete the actual registration of the document. The Inspector General's opinion on the point is requested.

## SALE OF ARRACK VEND FARMS FOR 1899-1900.

*Notification No. 6570—Ex. 253, dated Bangalore, 18th March 1899.*

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule* for the twelve months, beginning with 1st July 1899 and ending with 30th June 1900, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government, for special reasons*, be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to ¼th

## SALE OF ARRACK VEND FARMS FOR 1899-1900.

*Notification No. 6570—Ex. 253, dated Bangalore, 18th March 1899.*

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule* for the twelve months, beginning with 1st July 1899 and ending with 30th June 1900, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government, for special reasons*, be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to ¼th

*For Schedule, see Extraordinary Gazette, dated 4th April 1899.

of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid, the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1899; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm.

The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the "East India Distilleries and Sugar Factories, Limited," who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for Arrack supplied by them, shall be $6\frac{1}{8}$ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{51}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. $4\frac{3}{4}$ before the removal of Arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such Arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper, as the case may be, shall issue the quantity of Arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Supervisor, or other officer, or Bonded Depôt-keeper aforesaid, as to the date and hour when the Arrack was issued. The Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form under the rules in force for the transport of the Arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of Arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all Arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be opened to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of Arrack to Bonded Depôts.

(7) The Arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the Arrack purchased by him and issued to shop-keepers. The passes issued with the Arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The Arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling Arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any Arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1899 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of Accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1899, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other law for the time being in force.

## SALE OF SEPARATE ARRACK SHOPS FOR 1899-1900.

*No. 6571—Ex. 254, dated 18th March 1899.*

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule,* for the twelve months beginning with 1st July 1899, and ending with 30th June 1900, will be put up to public auction on the dates and at the place named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject

to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, unless revised by Government for special reasons, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders, and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. Should he fail to make either of the deposits aforesaid, the deposits already made will be forfeited, the shop will at once be re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days above mentioned, take out licenses and execute agreements in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to take out licenses or to execute agreements as aforesaid, the shop or shops will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop, &c., for several years past are specified in the appended schedule.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely :—

(1) The privilege conferred by the license extends only to the sale of Arrack of the strength of 20° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) (*a*) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1898; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the lease is forfeited and proceed to re-sell the shops as soon after the last day of the month as may be possible. The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that when the shops are re-sold, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shops The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

*For Schedule, see Extraordinar Gazette, dated 4th April 1899.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(3) The licensee shall purchase the Arrack to be sold in his shop from the "East India Distilleries and Sugar Factories Limited" who have been appointed manufacturers of Arrack and other country spirits to the State, at the rate of $6\frac{1}{8}$ annas per gallon of 20° under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The arrack shall be sold to the public by the licensee at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.*, at annas 2 per dram which is equal to 1-51st part of a gallon).

(4) The licensee of every shop in the townsof Bangalore and Mysore shall pay a registration fee under the Municipal Regulation at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all Arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the manufacturers, and the above fee, are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. $4\frac{3}{4}$ per gallon of 20° under-proof, before the removal of the Arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the Arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of Arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of Arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Arrack, which forms shall be purchased from local Excise officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee or, with his connivance and privity, by any person in his employment or in the event of the licensee neglecting to open his shop, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or for such neglect, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to re-sell the shop or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1899, shall be made good by him. When a shop is cancelled, the rent for the whole period of the shop shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employees from prosecution for any offence committed against the Excise laws or other law in force.

## SALE OF TODDY SHOPS FOR 1899-1900.

NOTIFICATION No. 6719—EX. 259, DATED BANGALORE, 24TH MARCH 1899.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended Schedule for one year, beginning with 1st July 1899 and ending with 30th June 1900, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective taluk kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise when necessary the grouping of shops as specified in Schedule hereto appended, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the license to be issued to him; and his surety, if any, has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the surety bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall for-

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(3) The licensee shall purchase the Arrack to be sold in his shop from the "East India Distilleries and Sugar Factories Limited" who have been appointed manufacturers of Arrack and other country spirits to the State, at the rate of $6\frac{1}{3}$ annas per gallon of 20° under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The arrack shall be sold to the public by the licensee at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.*, at annas 2 per dram which is equal to 1-51st part of a gallon).

(4) The licensee of every shop in the townsof Bangalore and Mysore shall pay a registration fee under the Municipal Regulation at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all Arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the manufacturers, and the above fee, are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. $4\frac{3}{4}$ per gallon of 20° under-proof, before the removal of the Arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the Arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of Arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of Arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Arrack, which forms shall be purchased from local Excise officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee or, with his connivance and privity, by any person in his employment or in the event of the licensee neglecting to open his shop, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or for such neglect, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to re-sell the shop or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1899, shall be made good by him. When a shop is cancelled, the rent for the whole period of the shop shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employees from prosecution for any offence committed against the Excise laws or other law in force.

## SALE OF TODDY SHOPS FOR 1899-1900.

NOTIFICATION NO. 6719—EX. 259, DATED BANGALORE, 24TH MARCH 1899.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended Schedule for one year, beginning with 1st July 1899 and ending with 30th June 1900, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective taluk kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise when necessary the grouping of shops as specified in Schedule hereto appended, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the license to be issued to him; and his surety, if any, has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the surety bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall for-

feit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the re-sale or other disposal but shall not be entitled to any gain by the re sale or other disposal. In the case of the purchasers death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one months' rent as above and to furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shops or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shopkeeper on application to the Supervisor, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagam and dadasal toddy.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1899, each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, forfeit all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of re selling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent, the defaulting licensee had agreed to pay.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(5) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(6) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(7) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depots, if any.

(8) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The licensee of the depot shall keep true accounts of the quantity of toddy received in the depot and issued to the shops The passes issued with the toddy

transported shall be subject to examination and check by the officers authorized in this behalf.

(9) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(12) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(13) The license shall not be transferrable, except with the permission of the Excise Commissioner.

6. The Tree-tapping Rules provide as follows :—

(1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in clause 9 below for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bonâ fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

(4) Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree tax on account of the trees licensed therein to be tapped.

(5) On receipt of an application the Supervisor will at once take steps for the marking of the trees by an Officer superior in rank to an Examiner and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice the tree-tax paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(6). Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the 15 days immediately, preceding the period to which they relate, to take effect from the commencement of such period, provided that no toddy shall be drawn except during the currency of such license.

(9) No tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

| TREE. | Tree-tax for each tree per annum including local cess. Rs. a. p. |
|---|---|
| Date ... ... ... ... | 1 1 0 |
| Cocoanut ... ... ... ... | 2 2 0 |
| Palmyra ... ... ... | 1 9 6 |
| Bagani or Sago palm .. ... ... | 1 9 6 |
| Dadasal (Arenga wightii) .. .. | 0 8 6 |

NOTE—The licenses will be free of tax to the Mysore Government in the cases specified in clause 1 (*b*) and (*c*) above.

(10) The Government waive for the year 1899-1900, the levy of a rent, in addition to tree-tax, on Government trees tapped for supply of shops included in this Notification.

NOTE (1) Tree-rent at 4 annas per tree with local cess thereon shall be levied for Government trees tapped for the supply of shops in the Civil and Military Station of Bangalore and those outside the Territories of Mysore.

NOTE (2) No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

(11) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

| Period within which license is applied for. | Proportion of tree-tax to be paid at the time of application for license. | Proportion of tree-tax to be paid before the end of the month following. |
|---|---|---|
| Between 1st July 1898 and 30th April 1899. | One-third ... ... | The remaining two-thirds. |
| Between 1st May 1899 and 30th June 1899. | The whole ... ... | |

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(1) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(2) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Thasildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Thasildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(3) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the Officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(4) The Supervisor concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(5) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any Officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be over tapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than 3 feet from the ground except in places where permission is specially given.

(*e*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) Not less than eight leaves should be left on each tree.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

7. In case of any breach of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the lease shall become due at once; and all loss caused to Government by the cancelment or re-sale or otherwise of the license shall be made good by the licensee or his surety in the manner specified for re-sales in para 3 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the law for the time being in force.

READ—

The following letter No. 1674—110, dated the 5th November 1898, from the Conservator of Forests in Mysore.

In the Subsidiary Rules, under Section 23 of the Forest Rules of 1878, prescribing the procedure and rates to be levied on firewood and charcoal cut, burned and removed from District Forests in the several districts, under numbers and dates as below, two scales of rates are given, viz., one "for prepaid license" and another slightly higher "when no prepaid license is taken". But Rule 2 distinctly prescribes that the license must be taken out in advance, and in Proceedings No. 8237—116 of 30th January, the system of levying the seigniorage *after* felling or burning as the produce entered a town was abolished and it is ordered that in the tracts set aside for the purpose "no fuel should be felled except under prepaid licenses".

2. Acting on these principles, we have been ignoring the scale of rates prescribed "when no prepaid license is taken" as inapplicable, and the Deputy Commissioner, Chitaldrug, recently re-published the Rules for his district without it. I find, however, that some Magistrates decline to punish parties found felling, burning and removing firewood and charcoal for sale from District Forests by confiscation of the produce and fine or imprisonment under Sections 40 and 42 of the Rules of 1878, holding that the levy of the extra seigniorage is sufficient and the only penalty provided by the subsidiary Rules under reference.

Notification dated 24th March 1897 published in Mysore Gazette, Part II, page 315

3. In the face of Rule 2 *et-seq* this is clearly wrong, but in order to set the point at rest, I have the honor to submit, for the approval of Government and early publication, a draft Notification expunging the enhanced rates altogether and prescribing that persons committing breaches of the Subsidiary Rules are liable on conviction to the penalties provided by Sections 40 and 42 of the Forest Rules of 1878.

4. The matter is of considerable importance as District Forests, especially in the Mysore and Bangalore districts, are being denuded of firewood cut and removed for sale without any adequate revenue accruing to Government which we can devote to the conservation and re-stocking of closed areas as desired by the Dewan. The Subsidiary Rules might with advantage be re-cast and one set made applicable to all districts, though the rates may vary; but in view of the draft Forest Regulation which is before Government, I would defer doing so until they can be published under its provisions.

ORDER THEREON.—Under the circumstances represented, the draft Notification submitted by the Conservator is approved and will be published in the *Gazette* as hereunder.

READ AGAIN —

Decision of Government, dated 26th February 1894, in Appeal No. 1693 of 1889-90 :—

| *Appellant.* | | *Respondent.* |
|---|---|---|
| Archak Ramachar of Yesvantapur, Malur taluk, Kolar district, represented by Mr. K. T. Narasimmaiengar, Advocate. | *Vs.* | Ramasastri and others, represented by Mr. Venkatramaiya, Advocate. |

*Decision.*—This is an appeal against the decision of the Survey Department settling the boundary of Nallappanhalli, by which the appellant urges that he lost a portion of the village, Hanumantapur, which has been confirmed by the Inam Commission as inam to the Pagoda of Sree Kodandaramaswami of which the appellant is archak.

2. The facts of the case are briefly as follow :—

In 1863 Sura Dikshita, the then Jodidar of Nallappanhalli, complained of encroachment by the manager of the Hanumantapur village and sued to recover (7 acres and 9 guntas) 12 kolagas of land said to have been newly cultivated by the raiyats of Yesvantapur, on the plea that the lands belonged to Jodi Hanumantapur. The panchayats assembled by the shekdar stated that the said land belonged to Nallappanhalli, but the Amildar subsequently made a personal inspection with the aid of a fresh set of panchayats, who declared that the land belonged to Hanumantapur. Eventually the Amildar submitted a report agreeing with the first mahazar, and the Assistant Superintendent, Chikballapur Sub-Division, gave a decision in favor of the Nallappanhalli Jodidar. On appeal, however, the Deputy Superintendent reversed the said decision and directed, on 27th February 1865, that the land should remain in the enjoyment of the manager of Hanumantapur. Boundary stones were fixed accordingly in June 1868.

3. In July 1868, the lands of Nallappanhalli were measured by the Amildar under the orders of the Inam Commissioner. The Amildar's note in the measurement account shows that the boundary marks put up by the shekdar, in June 1868, were then in existence, that one of the boundary stones of Nallappanhalli was in the bed of the tank, and that the boundaries were in accordance with the 2nd mahazar. It further shows that the land which the Jodidar of Nallappanhalli then claimed as having been erroneously included within the marked boundaries of Hanumantapur, was 4 kandies 10 padies (53 acres and 3 guntas) in extent, which included the 12 kolagas decreed by the Deputy Superintendent; that exclusive of the said disputed portion, the lands of Nallappanhalli measured 19 kandies 4 cudo 2½ padies (133 acres and 25 guntas). The Inam Commissioner confirmed this area, and declared that if any area of Nallappanhalli was wrongly included in Hanumantapur, it was too late to correct the error, as no appeal was preferred within the time allowed by the rules. This decision of the Inam Commission was passed in January 1869.

4. Disputes again arose. In 1882, the respondent having obstructed the cultivation of certain lands of Hanumantapur, said to be within the boundaries marked, the then Amildar, Ramanujaiengar (now Police Superintendent in Kolar), inspected the lands and decided that the lands belonged to Hanumantapur. In January 1883, the Jodidar of Hanumantapur filed a suit in the Munsiff's Court against the Jodidar of Nallappanhalli to recover damages for wrongful obstruction to the cultivation of about 2 kandies of land between the bed of Nallappanhalli tank and his (plaintiff's) other lands. The defendant urged that the land claimed was different from the 12 kolagas made over to the plaintiffs by the Deputy Superintendent in 1868. The Munsiff decreed in favor of plaintiff on the ground that the land claimed was within the boundaries of Hanumantapur. On appeal, however, the Chief Court, without going into the merits of the case, dismissed the suit on the ground that it should have been brought to recover possession of the land and not merely damages. In March 1889, the Survey Department settled the boundaries of Nallappanhalli, according to which the area of Nallappanhalli became 255 acres and 15 guntas as against the area of 133 acres and 25 guntas confirmed by the Inam Commission. The area of Hanumantapur, according to the boundaries settled by the Survey, was 92 acres and 9 guntas while the area confirmed by the Inam Commission was 154 acres and 79 guntas. The chief reason urged by the Survey Department for settling the boundaries in this manner was that they were in accordance with the boundaries given in the Inam title-deed.

5. No doubt the boundaries determined by the Survey Department are in accordance with those given in the Inam Register and title-deed, but the appellant's contention is that the boundaries given in the Inam Register were erroneous, that they were in conflict with the decision of the Inam Department and the extent recorded in the Inam Register, and that they differ from the boundaries given of Nallappanhalli in the measurement patti submitted by the Amildar to the Inam Commissioner. Government consider that under all the circumstances above stated, the boundaries given in the Inam Register cannot be

taken as unmistakeable guide. The boundaries given in the Inam Register are in a handwriting different from that of the Inam Assistant Commissioner who has personally written all the other entries in the Register, and the large difference in the area discovered by the Survey, and that confirmed by the Inam Department, on actual measurement, throws considerable doubt on the accuracy of the boundaries given. The Survey Department account for the large difference in the area of Hanumantapur by saying that Hanumantapur had never been measured prior to the survey and its area given in the Inam Register was not correct, but the Government observe that the area of Hanumantapur given in the Inam Register was also according to actual measurement made by the Amildar at the Inam Settlement.

6. Government therefore resolve to remand the case to the Survey Superintendent for arther investigation and a fresh decision with a distinct finding on each of the following points :—

(1) Is the extent of 12 kolagas, settled by Deputy Superintendent in 1868, within or without the boundaries now settled, and if without, which was the locality ?

(2) Is the 4 kandies and 10 padies of land, specially excluded from the Inam Settlement, within or without the boundaries of Nallappanhalli as now settled by the Survey Department, and if without, which was the locality ?

(3) The respondents stated at the hearing that subsequent to the Inam Settlement, a portion of the area of Hanumantapur was included in Lakkenhalli and that accounts for the decrease in the area of Hanumantapur. Is this a fact or not ? If it is not a fact, how can the decrease be accounted for ?

(4) Do the boundaries given in the Amildar's measurement account of 1868 correspond with those given in the Inam Register ?

(5) According to the statement presented by the Inamdars of Nallappanhalli before the Inam Commission, the area of the village, according to their own measurements, was K. S. 18-19-14 * exclusive of the tank bed, which nearly corresponds with the area of the Amildar's measurement (18-19-2½).

On what ground can they now claim more ?

(6) Are there any cheknams or sanads which show the boundaries of Nallappanhalli, and, if so, what are they and do they correspond with those now settled ?

7. The Government believe that if the lands of Nallappanhalli and Hanumantapur be now re-measured with the aid of the Amildar's measurement accounts of 1869, the exact boundaries recognized by the Inam Commission can be easily determined.

(1) Petition of Appeal No. 129 of 95-96 presented by Ramasastri and others, Jodidars of Nallappanhalli in the Malur taluk against the order of the Survey Superintendent confirming the revised settlement of the boundary dispute between Jodi Nallappanhalli and Mahal Jodi Hanumantapur in the Malur taluk, made by Mr. M. Area of land in dispute is 84 acres and 22 guntas, of which about 17 acres bear signs of having been cultivated before.

2. The circumstances of the case are mentioned in detail in Proceedings of Mysore Government, dated 26th February 1894, filed with the record by which the case is remanded for fresh decision after recording specific findings on certain issues therein named. Those issues are as follow :—

(1) Is the extent of 12 kolagas settled by the Deputy Superintendent (Kolar district) in 1868 (?) within or without the boundaries now settled, and if without, which was the locality ?

(2) Is the 4 kandies and 10 padies of land, specially excluded from the Inam Settlement, within or without the boundaries of Nallappanhalli as settled now by the Survey Department, and if without, which was the locality ?

(3) The respondent (Inamdar of Nallappanhalli) stated at the hearing that subsequent to the Inam Settlement, a portion of the area of Hanumantapur was included in Lakkenhalli and that accounts for the decrease in the area of Hanumantapur. Is this a fact or not ? If it is not a fact, how can the decrease be accounted for ?

(4) Do the boundaries given in the Amildar's measurement account of 1868 correspond with those given in the Inam Register ?

(5) According to the statement presented by the Inamdar of Nallappanhalli before the Inam Commissioner, the area of the village, according to their own measurement, was kandies 18-19-14 exclusive of the tank bed, which nearly corresponds with the area of the Amildar's measurement, *viz.*, K. 18-19-2½. On what ground can they now claim more ?

(6) Are there any "Cheknams" or sanads which show the boundaries of Nallappanhalli, and, if so, what are they and do they correspond with those now settled ?

2. Government at the same time threw out a suggestion that if the lands of Hanumantapur and Nallappanhalli be now re-measured with the aid of the Amildar's measurement account of 1868, the exact boundaries recognised by the Inam Commission can be easily determined. I inspected the land in the presence of the parties, and acting on this suggestion of Government followed the measurements in the Amildar's statement and where necessary re-measured bits of land, with what result will be stated hereafter.

3. For the sake of convenience, I prefer taking up the issues not in the order in which they are mentioned in the Proceedings of Government, but in the order in which they present themselves for determination.

4. Taking the 6th issue first, I find there are no sanads or "Cheknams" which show the boundaries of Nallappanhalli. We have, therefore, to base our decision upon other evidence on the subject.

5. The Nallappanhalli Inamdar states with reference to the 5th issue, that, although the land he claims, together with the undisputed portions of Nallappanhalli village, makes the total area greater than the area claimed by his predecessors in title, in the Inam statement presented before the Inam Commissioner, he claims the land in dispute, because it is in his enjoyment. This is not a very satisfactory explanation ; and as to the enjoyment of land, there is no satisfactory evidence on either side, because the land has been waste for a long time. This disposes of the 5th issue.

6. In regard to the 3rd issue, the Inamdar of Nallappanhalli produces two extracts from the order register of the Malur taluk, to show that some portion of the Hanumantapur land was included in Lakkenhalli village. One of these bears no date. The other is dated 9th November 1890, and refers to a tree in a tope which the Hanumantapur Inamdar claimed to be his, but in regard to which the Amildar did not pass any definite orders. He left the matter to be decided when a Regular Petition, whatever that may mean, came before him in regard to any other trees in the tope. This order does not in any way indicate that the tope land formerly belonged to Hanumantapur and was excluded from that village subsequent to the Inam Settlement. I inspected the tope ; it is now excluded from the Hanumantapur village. Its area is however about 5 acres, and it does not in any way explain the large decrease in the area of Hanumantapur noticed in the 3rd issue. I may also state that this tope is not mentioned in the Amildar's measurement statement of 1868, and its exclusion seem to date back to the Inam Settlement which was based on that statement. The extract without date refers to a complaint about one of the boundary stones between Lakkenhalli and Hanumantapur having been removed. That stone is now in its place. I find this issue against the Nallappanhalli Inamdar.

7. I now come to the most important of the issues framed *viz.*, the 4th. The boundaries given in the Amildar's measurement account do not correspond with those given in the Inam Register. In the Amildar's statement, the boundaries given are as follow :—

(*a*) East—Lane by which cattle pass between Kadadenhalli and Nallappanhalli and Vaman mudre stone.

(*b*) West—Chekra sasana stone, boundary between Hanumantapur, Nallappanhalli and Lakkenhalli.

(*c*) South—West of the above, one stone, three cornered, and without any inscription. It is the boundary stone between the Nallappanhalli, Hanumantapur and Boppanhalli villages.

(*d*) North—Linga mudre stone, between Nallappanhalli and Lakkenhalli.

(*e*) West of this, chekra stone, also sun and moon carved thereon.

(*f*) South—Sasana stone between Boppanhalli and Nallappanhalli situated near the Yelagan tope.

In the Inam Register, no stones are mentioned, but the following details are given :—

1. North—Circar Lakkenhalli and Jodi Hanumantapur villages.
2. East—Circar Kadadenhalli village.
3. South—Jodi Boppanhalli.
4. West—Two ponds one of which is known as Narazukunte and the other Dasankunte.

These details correspond with those in the statement presented by the Nallappanhalli Inamdar, which former appear in fact to have been copied from the latter. The two ponds mentioned in the Inam Register and title-deed and in the Inamdar's statement to the Inam Commissioner, are not mentioned at all in the Amildar's measurement list.

8. The Nallappanhalli Inamdar says he cannot be bound by the Amildar's measurement statement of 1868, as it does not contain the signature of his predecessor in title. But this objection is not tenable as the statement bears the signature of the shanbhog of Nallappanhalli village, and nothing is alleged to show that it is not genuine or that it does not disclose the true state of affairs. In fact, the decision of the Inam Commissioner is based on this statement and it is the only one that is of any use in leading to a decision in the matter. Of the stones enumerated in this statement, mark (*a*) is in the lane which forms the eastern boundary of Nallappanhalli; mark (*b*) corresponds with mark 1 shown in the sketch of the land in dispute; mark (*c*) similarly corresponds with mark 3 in the sketch; mark (*d*) is on the northern boundary of Nallappanhalli and is now marked on the sketch; mark (*e*) and mark (*b*) appear to refer to the same boundary stone, *viz.*, mark 1 shown in the sketch and mark (*f*) is found near the southern boundary as now shown in the sketch, but is loose, and evidently has been dug up either for purposes of identification or shifted to its present place from another point. There is a dispute about it and close to it there is another boundary stone of the Boppanhalli village. The boundary stones mentioned in the Amildar's statement are thus all identified and are the only reliable data that one can go upon in this case.

9. In the statement presented by the Boppanhalli Inamdars to the Inam Commissioner the Inamdars have stated that there are seven boundary stones, Vaman mudre stones, on the northern boundary of their village. These seven were pointed out to me and are as follow :—

* (1) and (2) Vaman mudre stones between Kadadenhalli and Boppanhalli.

(3) do near the tri-junction of Kadadenhalli, Nallappanhalli and Boppanhalli.

* Not shown in sketch as having no connection with the dispute. (Sd.) M. S. N.

(4) At point marked *f* on the sketch where, as already stated in the preceding paragraph, there is a stone with a "Chekra" inscribed upon it. The Boppanhalli stone has no inscription. If it had any, it has become obliterated.

(5) A similar stone belonging to Boppanhalli containing no distinct marks.

(6) and (7) are three-cornered stones of which (6) is a small one and could be shaken when I examined it, showing that it had been either examined to its very bottom or tampered with; and (7) is a big stone which was admitted before me by the Boppanhalli Inamdars as the tri-junction between Boppanhalli, Nallappanhalli and Hanumantapur. It is this stone that is mentioned in the Amildar's statement of 1868 as being the said tri-junction. The Nallappanhalli Inamdar stated that the southern boundary of his village runs up to the 7th stone mentioned by the Boppanhalli Inamdars in their statement to the Inam Commissioner, and by a strange coincidence, this 7th stone corresponds with the three-cornered stone mentioned in the Amildar's statement as the tri-junction between these three villages. There is, however, one point upon which the Nallappanhalli Inamdar lays some stress, and it is that in the Boppanhalli Inamdar's statement to the Inam Commissioner, Hanumantapur is not mentioned as one of the villages bounding Boppanhalli on the north. This was probably owing to a mistake on the part of the Boppanhalli Inamdars. If the doubtful small three-cornered stone No. 6 is rejected, the stone at point * 4 in the sketch becomes the 7th stone of the Boppanhalli village, and the Nallappanhalli boundary would then run up to that point. I am, however, of opinion that

though the stone at this point 4 is without doubt an old boundary stone, it is not the tri-junction between Boppanhalli, Nallappanhalli and Hanumantapur and the three-cornered stone at point 3 in the sketch is, as stated in the Amildar's statement, this tri-junction.

10. The Hanumantapur Inamdar states in his statement to the Inam Commissioner that there are two Chekra sasana stones on the eastern boundary of his village between Hanumantapur and Nallappanhalli. One of them is at point 1 in the sketch and the other is stated to be somewhere near point 2 in the sketch, but is not forthcoming now. The three-cornered stone at point 3 is not mentioned by him. The omission is significant, but in my opinion not sufficient to reject it as not being the tri-junction it is said to be.

11. On following the measurements given in the Amildar's statement of 1868, I find there are two blocks of parambok to the west of the waste weir of the Nallappanhalli tank. They measure 7 kolagas 10½ manas and 8 kolagas 15 manas respectively, making a total of 16 kolagas 9½ manas of parambok land belonging to the Nallappanhalli village to the west of the waste weir of the tank of that village, equivalent to 10 acres and 39 guntas. These two blocks are still waste and on measuring them now, I found the area to be 11 acres and 10 guntas, which very nearly corresponds with the old area. No other parambok land is stated to be situated in this part of the Nallappanhalli village. I have, therefore, no hesitation in finding that the three-cornered stone at point 3 in the sketch is the tri-junction between Hanumantapur, Nallappanhalli and Boppanhalli.

12. It now remains to be settled whether (issues 1st and 2nd) the 12 kolagas of land about which a decision was passed by the Deputy Commissioner of Kolar in 1863 in favor of the Hanumantapur Inamdar, and 4 kandies of parambok land about which a dispute was raised at the time of the Inam Settlement but which was excluded from the Nallappanhalli village, are within or without the boundary of Nallappanhalli as now (in 1889) settled by the Survey Department. The boundary marks erected under the orders of the Deputy Commissioner of Kolar are not in existence now and it is not possible to say which was the exact line of boundary that was adopted on those two occasions. On inspecting the land, I find that out of the area in dispute, the land marked A in the sketch is the only spot that was once cultivated and is now waste. It measures now 16 acres and 35 guntas, and 12 kolagas out of this, or very nearly 8 acres, appear to have been adjudged in 1863 to have belonged to Hanumantapur. This bit of land is stated to be lying to the south of the tri-junction stone marked 1 in the sketch and taking all the circumstances of the case into consideration, about half of the once cultivated land or that part of it that lies to the west of the line drawn from point 1 to point 3 appears to have been the land adjudged as belonging to Hanumantapur. No uncertainty, however, exists about the situation of the 4 kandies and odd of parambok referred to in the 2nd issue. In the Amildar's statement it is mentioned immediately after the parambok land mentioned in para 11 and the parambok in dispute is the only block that answers to the description given of it in the statement, as the area therein given very nearly corresponds with the parambok area now under dispute. The whole of it is now included in Nallappanhalli and ought to be included in Hanumantapur, as it was excluded from the former at the Inam Settlement.

13. If these findings are approved of, their result will be that out of the land in dispute 12 acres and 5 guntas go to the Nallappanhalli village and the rest to Hanumantapur.

14. The above findings are evidently at variance with the conclusions arrived at by Mr. Barker, Assistant Settlement Officer, who settled the dispute in 1889, but the Amildar's measurement statement of 1868 and other papers, since produced, upon which the above findings are based, were not before him and no reasons were assigned to him for questioning the correctness of the boundaries given in the title-deed of Nallappanhalli.

15. The vernacular records and other papers connected with this dispute are herewith re-submitted.

I find that in the above Proceedings carrying out the investigation directed in the decision of Government of Mysore of 26th February 1894, conveyed to me under order No. 10402—Pet. F. 147-92, dated 24th March 1894, Mr. Narayan Rao, Assistant Commissioner, Revenue Survey, has, as far as possible, answered the enquiries on the various points, laid down by Government at para 5 of the decision of Government, dated 26th February 1894, as requiring elucidation. I entirely agree with Mr. Narayan Rao in the

decision he has arrived at as regards those points, as clearly detailed in his report, and it is therefore quite unnecessary for me to go over the same ground again. The most important of the issues is whether the boundaries given in the Amildar's measurement account of 1868 correspond with those given in the Inam Register. Mr. Narayan Rao shows clearly that the Amildar's measurement and the boundaries given in the Inam Register do not correspond. I confirm Mr. Narayana Rao's line of settlement which is shown in the accompanying sketch map by a double dotted red line. As laid down in Chief Secretary's letter No. 7257—R. F. 147-92, dated the 10th November 1894, a copy of Mr. Narayan Rao's decision and my confirmation of the same will be furnished to both parties.

Referring to your official memorandum dated 18th November 1898, forwarding for expression of opinion a file of papers relating to the dispute in regard to the boundary line between the villages of Nallappanhalli and Hanumantapur in Malur taluk, I have the honor to state that the village of Hanumantapur is a Devadaya inam granted for the support of Sree Kodandaramadevaru temple which is a Muzrai institution; the archak Ramachar, the respondent in the present case, being a servant of the temple and liable to be removed from office for neglect of duty or other misconduct, he has no right whatever to enter into a compromise and thereunder relinquish to the appellant any portion of the lands belonging to the temple. I would, therefore, recommend that the alleged compromise be set aside as one entered into without authority.

No. 6189-97—P. F. 147-92, DATED BANGALORE, 3RD MARCH 1899.

ORDER THEREON.—On a very careful consideration of the Proceedings and after hearing both the parties, the Government are of opinion that the order of the Survey Superintendent which has been appealed against is correct and must be confirmed.

2. The mistake originally made with regard to the boundary line of these villages was due to a mis-conception of the * Judgment of the Chief Court. The settling officer of the Revenue Survey Department read the judgment as declaring the possession of the land in dispute to have been with the Nallappanhalli Jodidars. This is not the proper construction to be put upon that judgment. It left the question of ownership quite open. Neither the Jodidars of Nallappanhalli nor the trustee of Hanumantapur produced any relevant record or other evidence tending to a clear solution of the question raised by the parties. As suggested by Government in their Order dated 26th February 1894, the Survey Assistant Commissioner, who enquired into the case after it was remanded, very properly allowed himself to be guided by the measurement list prepared by the Amildar of Malur during the Inam Settlement. All the interested parties were present at the time and Nallappanhalli was represented by its shanbhog. That document formed the basis of the area of the village accepted by the Inam Superintendent and it is unreasonable that the present Jodidars raise objections to be bound by it. Mr. Narayana Rao has, from personal examination, ascertained the correctness of the measurement list and identified the stones put up as boundary marks. He refers to a statement of the Jodidars of Boppanhalli, according to which the tri-junction stone marking the boundaries of Nallappanhalli, Boppanhalli and Hanumanta-

*In Appeal Suit No. 125 of 1884. Ramasastri *vs.* Kodanda Ramachari and others.

pur is identified as stone No. 7 at the point marked 3 and C in the sketch plan. The reasons for his rejecting the stone at point 4 are cogent and sound.

3. The fact that the Jodidars of Boppanhalli did not, in their statement presented to the Inam Department, mention Hanumantapur as one of the northern boundaries of their village, cannot affect the respondents in this appeal. It is possible that the omission is a mistake, as was the statement of the Hanumantapur trustee that Nallappanhalli was situated to the west of his village. These errors of description do not affect the real merits of the case which has been properly decided with reference to the measurement list of the Amildar.

4. When the above order of Government was about to be issued in February 1898, the parties presented a Razinama agreeing to a compromise and praying that it might be given effect to. Under the compromise the appellants would get more than twice the land that they were entitled to under the Survey Superintendent's decision. The report of the Muzrai Superintendent read above shows that the respondent, archak Ramachar, had no power to enter into a compromise with appellants, much less to waive the right of the temple to such a large extent of land as is claimed by appellants. The Government doubt the *bonâ fides* of the alleged compromise, and as the archak had no legal authority to enter into it to the prejudice of the property of the temple which is under the management of the State Muzrai Department, the Government are unable to accept it.

5. Government accordingly direct that, setting aside the Razinama, the appeal be dismissed and the order of the Superintendent be affirmed.

(1) Petition No. 383, dated 20th July 1896, received from Venkatakrishna Shetti, of kasaba Arkalgud, praying for the grant of Jodi lands for the up-keep of the chattram built by him.

(2) Letter No. 51, dated 17th August 1897, from the Deputy Commissioner, Hassan district, to the Secretary to Government, General and Revenue Departments.

With reference to official memorandum No. Pet.—289, dated 17th August 1896, forwarding petition received from Venkatakrishna Setti of Arkalgud kasaba, praying for the grant of a portion of the Amrut Mahal kaval lands at Ankanaikanhalli for the maintenance of the newly built chattram, I have the honor to state as follows:—

2. Arkalgud is a large commercial place, being situated on the way to noted places of pilgrimage, such as Ramnathpur, Saligram and Subramanya. As the necessity for chattrams to give shelter and food to travellers, passing through the town, was keenly felt, three chattrams were built at different times. One of them, *viz.*, Rangappa's chattram, is endowed with a Jodi land measuring 129 acres and 10 guntas, with an assessment of Rs. 106-12-0 by the Government. The other two built newly by Venkatakrishna Setti at a cost of Rs. 5,500, and Kondaiya Setti at a cost of Rs. 18,000, are situated in the patta which is much resorted to by travellers.

3. These three chattrams are fully occupied and utilized during greater part of the year by travellers of all castes. The chattram that is situated in the fort, *viz.*, Rangappa's chattram is not spacious enough to accommodate all the travellers.

4. The two Settis have built the above named charitable institutions for the use of the public; and they propose feeding indigent travellers. They are, however, anxious to obtain Government help in the shape of Jodi lands, so that Government may exercise control over the same, and thus perpetuate their charities. I have inspected both the chattrams, and they are built substantially. I would, therefore, strongly recommend that lands in the Ankanaikanhalli Amrut Mahal kaval may be granted to each of them to the full extent allowable under the Rules; *vide* para 11 of Appendix G to the Mysore Land Revenue Rules.

5. The vernacular papers connected with the case, ending with Arkalgud Amildar's report No. 388—379, dated 1st May 1897, are herewith submitted for needful reference and obliging return.

(3) Letter No. 912, dated 31st January 1899, from the Muzrai Superintendent in Mysore, to the Secretary to Government, General and Revenue Departments.

With reference to your letter No. 1728—Pet. 239, dated 11th August 1897, calling for an expression of my opinion regarding the utility of the two new chattrams built at Arkalgud by Venkatakrishna Setti and Kondaiya Setti, and also regarding the grant of Jodi lands for their maintenance, I have the honor to state that during my last tour of inspection in the Hassan district, I specially intended to visit Arkalgud. I went very near the place, namely as far as Gorur, but being there informed that cholera was prevailing at Arkalgud in an epidemic form, I had to give up the idea of proceeding further. But from the local enquiries made by me, I find that these two new chattrams are built substantially and are useful to the travelling public and that the chattram built by one Rangappa, and already endowed with Jodi lands from the Government, was too small to meet the requirements of such an important commercial and populous station as Arkalgud. The two new buildings have therefore supplied a long-felt want, and considering that very few come forward to undertake such charitable works in these days, I would recommend that these chattrams be each endowed with the full extent of Jodi lands allowable under the Rules.

2. I must, however, here observe that during my tours, I often find that such private chattrams endowed by the Government, are kept in a very untidy condition. The buildings are not periodically repaired and they are found to leak during the monsoon. In case, therefore, the Government are pleased to grant the Jodi lands applied for to the new chattrams mentioned above, I would, however, beg to suggest that conditions such as the following be annexed to the grant in question, namely :—

(i) The chattram building and its surroundings will always be kept scrupulously clean, a sweeper on a tolerably good pay being permanently employed therefor;

(ii) The rents realized from the shops attached to the chattram building should be regularly collected and utilized solely for the purposes of the chattram, neither the shops nor any portion of the chattram premises being utilized by the owner for private purposes; and

(iii) The chattram will be subject to the supervison of the Government in the Muzrai Department; and the owner or founder of the chattram should, annually, render accounts to the Taluk Amildar, as the local Muzrai officer, of all receipts and expenditure.

3. The enclosures received with your letter under reply are returned herewith.

No. 6844-53—Pet. 727, DATED BANGALORE, 9TH MARCH 1899.

ORDER THEREON.—Under the provisions of Appendix G of the Land Revenue Rules, Government are pleased to sanction the grant of jodi lands, assessed at Rs. 90, to each of the two chattrams mentioned in the Deputy Commissioner's letter.

2. With regard to the conditions proposed by the Muzrai Superintendent, Government observe that the one referring to the employment of a sweeper is opposed to the Land Revenue Rules which require the employment of a Brahmin and a Sudra servant. The other conditions are suitable and the grant now made is subject thereto.

3. It is presumed that the kaval, out of which jodi lands are proposed to be given for the benefit of the two chattrams in question, has been transferred to the Revenue Department for disposal for cultivation purposes.

READ—

(1) Petition No. 633—A. 24 of 1897-98, from Molegauda and others of the village of Janivara, Hassan taluk, appealing against the Deputy Commissioner's order confirming the sale of S. Nos. 10, 22, 47 and 53 of the said village to the respondent.

(2) Correspondence ending with docket No. 1239, dated 14th June 1898, from the Deputy Commissioner, Hassan district.

(3) Letter No. 374, dated 17th September 1898, from the Muzrai Superintendent in Mysore.

The respondent having applied on 17th November 1893 for the lands in question which were lying waste, the Amildar directed their sale by public auction. Before the sale, the villagers petitioned the Amildar, on 30th November 1893 and again on 22nd January 1894, protesting against the sale and representing that the lands were once the inam lands of the village Anjaneyadevaru, and that at least the khate thereof should be made in the name of the temple. On 5th April 1894, Molegauda, one of the appellants, executed a muchalika that he would pay the assessment of the lands if registered in the name of the temple. The Amildar reported to the Deputy Commissioner, on 22nd June 1894, that there was no proof that the lands were ever inam, but recommended, in consideration of the villagers' representations, that the lands might be granted to the temple on assessment. The Muzrai Assistant Commissioner, to whom the report was referred, directed a further enquiry as to whether the lands were ever inam and the sale of the lands if no proof to that effect were forthcoming. In the enquiry that followed, the shanbhog produced, on 4th August 1894, the Vasul Baki Account of 1882, showing that the temple was the khatadar of the lands before survey settlement, and that they were resumed to Government at the settlement. The Amildar thereupon directed the sale of the lands on 22nd September 1894, but the sale was stayed by order of the Deputy Commissioner, to whom the villagers complained. This state of things continued till, on 12th August 1896, the lands were sold by public auction and knocked down to the respondent. The General Assistant Commissioner, to whom the records were submitted for confirmation of sale, reserved the matter for disposal at the jamabandi. The villagers meanwhile produced a copy of the Paimaishi patti of Krodhana (1805-6) showing that the temple had inam lands, but throwing no light as to whether the lands in question were inam. On the complaint of the villagers, the Deputy Commissioner called for the records and passed an order, dated 27th May 1897, deciding that the lands were never inam and confirming the sale to the respondent. Hence the present appeal to Government.

2. The Muzrai Superintendent is of opinion that, as the lands were once in the enjoyment of the temple on kandayam tenure, the sale to the respondent may be cancelled and the lands restored to the temple.

No. 6474-82—PET. F. 64-98, DATED BANGALORE, 15TH MARCH 1899.

ORDER THEREON.—At the time of the survey settlement, the lands in question were entered in the Vasul Baki Register in the name of the temple. It is true there is no evidence of inam grant, but the survey settlement ought to have been in favor of the temple as its private property, if, as is now the case, the patel and other villagers had come forward to pay the Government kandayam. The sale of the lands was made without proper enquiry and without giving the villagers the opportunity of offering to pay the assessment due to Government. Under these circumstances the sale will be set aside and the purchase money refunded to the respondent Srirangachar and the lands restored to the villagers in accordance with their muchalika, dated 5th April 1894, the patta being, from time to time, made out in the name of the patel or other principal raiyat, with the consent of the executants of the muchalika, for the benefit of the temple.
